training and job performance to help assure achievement of program objectives;

(2) An administrative staffing plan to include the range of service personnel of which subprofessional staff are an integral part;

(3) A career service plan permitting persons to enter employment at the subprofessional level and, according to their abilities, through work experience, pre-service and in-service training and educational leave with pay, progress to positions of increasing responsibility and reward;

(4) An organized training program, supervision, and supportive services for subprofessional staff; and

(5) Annual progressive expansion of the plan to assure utilization of increasing numbers of subprofessional staff as community service aides, until an appropriate number and proportion of subprofessional staff to professional staff are achieved to make maximum use of subprofessionals in program operation.

(b) Provide for the use of nonpaid or partially paid volunteers in providing services and in assisting any advisory committees established by the State agency and for that purpose provide for:

(1) A position in which rests responsibility for the development, organization, and administration of the volunteer program, and for coordination of the program with related functions;

(2) Methods of recruitment and selection which will assure participation of volunteers of all income levels in planning capacities and service provision;

(3) A program for organized training and supervision of such volunteers;

(4) Meeting the costs incident to volunteer service and assuring that no individual shall be deprived of the opportunity to serve because of the expenses involved in such service; and

(5) Annual progressive expansion of the numbers of volunteers utilized, until the volunteer program is adequate for the achievement of the agency's service goals.

§ 233.10 General provisions regarding coverage and eligibility.

(a) *State plan requirements.* A State plan under title I, IV—A, X, XIV, or XVI, of the Social Security Act must:

(1) Specify the groups of individuals, based on reasonable classifications, that will be included in the program, and all the conditions of eligibility that must be met by the individuals in the groups. The groups selected for inclusion in the plan and the eligibility conditions imposed must not exclude individuals or groups on an arbitrary or unreasonable basis, and must not result in inequitable treatment of individuals or groups in the light of the provisions and purposes of the public assistance titles of the Social Security Act. Under this requirement:

(i) A State shall impose each condition of eligibility required by the Social Security Act; and

(ii) A State may:

(A) Provide more limited public assistance coverage than that provided by the Act only where the Social Security Act or its legislative history authorizes more limited coverage;

(B) Impose conditions upon applicants for and recipients of public assistance which, if not satisfied, result in the denial or termination of public assistance, if such conditions assist the State in the efficient administration of its public assistance programs, or fur-

ther an independent State welfare policy, and are not inconsistent with the provisions and purposes of the Social Security Act.

(iii) There must be clarity as to what groups are included in the plan, and which are within, and which are outside, the scope of Federal financial participation.

(iv) Eligibility conditions must be applied on a consistent and equitable basis throughout the State.

(v) A plan under title XVI must have the same eligibility conditions and other requirements for the aged, blind, and disabled, except as otherwise specifically required or permitted by the Act.

(vi) Eligibility conditions or agency procedures or methods must not preclude the opportunity for an individual to apply and obtain a determination of eligibility or ineligibility.

(vii) Methods of determining eligibility must be consistent with the objective of assisting all eligible persons to qualify.

(2) Provide that the State agency will establish methods for identifying the expenditures for assistance for any groups included in the plan for whom Federal financial participation in assistance may not be claimed.

(3) In addition, a State plan under title IV-A, X, XIV, or XVI of the Act, must: Provided that no aid or assistance will be provided under the plan to an individual with respect to a period for which he is receiving aid or assistance under a State plan approved under any other of such titles or under title I of the Act.

(b) *Federal financial participation.* (1) The provisions which govern Federal financial participation in assistance payments are set forth in the Social Security Act, throughout this chapter, and in other policy issuances of the Secretary. Where indicated, State plan provisions are prerequisite to Federal financial participation with respect to the applicable group and payments. State plan provisions on need, the amount of assistance, and eligibility determine the limits of Federal financial participation. Federal financial

§ 233.20

participation is excluded from assistance payments in which the State refuses to participate because of the failure of a local authority to apply such State plan provisions.

(2) The following is a summary statement regarding the groups for whom Federal financial participation is available. (More detailed information is given elsewhere.)

(i) OAA—for needy individuals under the plan who are 65 years of age or older.

(ii) AFDC—for:

(a) Needy children under the plan who are:

(1) Under the age of 18, or age 18 if a full-time student in a secondary school, or in the equivalent level of vocational or technical training, and reasonably expected to complete the program before reaching age 19;

(2) Deprived of parental support or care by reason of the death, continued absence from the home, or physical or mental incapacity of a parent, or unemployment of a principal earner, and

(3) Living in the home of a parent or of certain relatives specified in the Act.

(b) The parent(s) of a dependent child, a caretaker relative (other than a parent) of a dependent child, and, in certain situations, a parent's spouse.

(iii) AB—for needy individual's under the plan who are blind.

(iv) APTD—for needy individuals under the plan who are 18 years of age or older and permanently and totally disabled.

(v) AABD—for needy individuals under the plan who are aged, blind, or 18 years of age or older and permanently and totally disabled.

(3) Federal financial participation is available in assistance payments made for the entire month in accordance with the State plan if the individual was eligible for a portion of the month, provided that the individual was eligible on the date that the payment was made; except that where it has been determined that the State agency had previously denied assistance to which the individual was entitled, Federal financial participation will be provided in any corrective payment regardless of whether the individual is eligible on

45 CFR Ch. II (10–1–11 Edition)

the date that the corrective payment is made.

(4) Federal financial participation is available in assistance payments which are continued in accordance with the State plan, for a temporary period during which the effects of an eligibility condition are being overcome, e.g., blindness in AB, disability in APTD, physical or mental incapacity, continued absence of a parent, or unemployment of a principal earner in AFDC.

(5) Where changed circumstances or a hearing decision makes the individual ineligible for any assistance, or eligible for a smaller amount of assistance than was actually paid, Federal financial participation is available in excess payments to such individuals, for not more than one month following the month in which the circumstances changed or the hearing decision was rendered. Federal financial participation is available where assistance is required to be continued unadjusted because a hearing has been requested.

§ 233.20 Need and amount of assistance.

(a) *Requirements for State Plans.* A State Plan for OAA, AFDC, AB, APTD or AABD must, as specified below:

(1) *General.* (i) Provide that the determination of need and amount of assistance for all applicants and recipients will be made on an objective and equitable basis and all types of income will be taken into consideration in the same way except where otherwise specifically authorized by Federal statute and

(ii) Provide that the needs, income, and resources of individuals receiving SSI benefits under title XVI, individuals with respect to whom Federal foster care payments are made, individuals with respect to whom State or local foster care payments are made, individuals with respect to whom Federal adoption assistance payments are made, or individuals with respect to whom State or local adoption assistance payments are made, for the period for which such benefits or payments

are received, shall not be included in determining the need and the amount of the assistance payment of an AFDC assistance unit; except that the needs, income, and resources of an individual with respect to whom Federal adoption assistance payments are made, or individuals with respect to whom State or local adoption assistance payments are made are included in determining the need and the amount of the assistance payment for an AFDC assistance unit of which the individual would otherwise be regarded as a member where the amount of the assistance payment that the unit would receive would not be reduced by including the needs, income, and resources of such individual. Under this requirement, "individuals receiving SSI benefits under title XVI" include individuals receiving mandatory or optional State supplementary payments under section 1616(a) of the Social Security Act or under section 212 of Public Law 93-66, and "individuals with respect to whom Federal foster care payments are made" means a child with respect to whom Federal foster care maintenance payments under section 472(b) and defined in section 475(4)(A) of title IV-E of the Social Security Act are made, and a child whose costs in a foster family home or child care institution are covered by the Federal foster care maintenance payments made with respect to his or her minor parent under sections 472(h) and 475(4)(B) of title IV-E. "Individuals with respect to whom Federal adoption assistance payments are made" means a child who receives payments made under an approved title IV-E plan based on an adoption assistance agreement between the State and the adoptive parents of a child with special needs, pursuant to sections 473 and 475(3) of the Social Security Act.

(iii) For AFDC, when an individual who is required to be included in the assistance unit pursuant to § 206.10(a)(1)(vii) is also required to be included in another assistance unit, those assistance units must be consolidated, and treated as one assistance unit for purposes of determining eligibility and the amount of payment.

(iv) For AFDC, when a State learns of an individual who is required to be included in the assistance unit after

the date he or she is required to be included in the unit, the State must redetermine the assistance unit's eligibility and payment amount, including the need, income, and resources of the individual. This redetermination must be retroactive to the date that the individual was required to be in the assistance unit either through birth/adoption or by becoming a member of the household. Any resulting overpayment must be recovered or corrective payment made pursuant to § 233.20(a)(13).

(v) In determining need and the amount of payment for AFDC, all income and resources of an individual required to be in the assistance unit, but subject to sanction under § 250.34 or because of an intentional program violation under the optional fraud control program implementing section 416 of the Social Security Act, are considered available to the assistance unit to the same extent that they would be if the person were not subject to a sanction. However, the needs of the sanctioned individual(s) are not considered. In accord with § 250.34(c), if a parent in an AFDC-UP case is sanctioned pursuant to § 233.100(a)(5), the needs of the second parent are not taken into account in determining the family's need for assistance and the amount of the assistance payment unless the second parent is participating in the JOBS program. An individual required to be in an assistance unit pursuant to § 206.10(a)(1)(vii) but who fails to cooperate in meeting a condition of his or her eligibility for assistance is a sanctioned individual whose needs, income, and resources are treated in the manner described above.

(2) *Standards of assistance.* (i) Specify a statewide standard, expressed in money amounts, to be used in determining (a) the need of applicants and recipients and (b) the amount of the assistance payment.

(ii) In the AFDC plan, provide that by July 1, 1969, the State's standard of assistance for the AFDC program will have been adjusted to reflect fully changes in living costs since such standards were established, and any maximums that the State imposes on the amount of aid paid to families will have been proportionately adjusted. In

§ 233.20

45 CFR Ch. II (10–1–11 Edition)

such adjustment a consolidation of the standard (i.e., combining of items) may not result in a reduction in the content of the standard. In the event the State is not able to meet need in full under the adjusted standard, the State may make ratable reductions in accordance with paragraph (a)(3)(viii) of this section. Nevertheless, if a State maintains a system of dollar maximums these maximums must be proportionately adjusted in relation to the updated standards.

(iii) Provide that the standard will be uniformly applied throughout the State except as provided under § 239.54.

(iv) Include the method used in determining need and the amount of the assistance payment. For AFDC, the method must provide for rounding down to the next lower whole dollar when the result of determining the standard of need or the payment amount is not a whole dollar. Proration under § 206.10(a)(6)(i)(D) to determine the amount of payment for the month of application must occur before rounding to determine the payment amount for that month.

(v) If the State IV-A agency includes special need items in its standard:

(A) Describe those that will be recognized and the circumstances under which they will be included, and

(B) Provide that they will be considered for all applicants and recipients requiring them; except that:

(1) Under AFDC, work expenses and child care (or care of incapacitated adults living in the same home and receiving AFDC) resulting from employment or participation in either a CWEP or an employment search program cannot be special needs, and

(2) In a State which has a JOBS program under part 250, child care, transportation, work-related expenses, other work-related supportive services, and the costs of education (including tuition, books, and fees) resulting from participation in JOBS (including participation pursuant to §§ 250.46, 250.47, and 250.48) or any other education or training activity cannot be special needs.

(vi) If the State chooses to establish the need of the individual on a basis that recognizes, as essential to his well-being, the presence in the home of

other needy individuals, (A) specify the persons whose needs will be included in the individual's need, and (B) provide that the decision as to whether any individual will be recognized as essential to the recipient's well-being shall rest with the recipient.

(vii) [Reserved]

(viii) Provide that the money amount of any need item included in the standard will not be prorated or otherwise reduced solely because of the presence in the household of a non-legally responsible individual; and the agency will not assume any contribution from such individual for the support of the assistance unit except as provided in paragraphs (a)(3)(xiv) and (a)(5) of this section and § 233.51 of this part.

(ix) For AFDC, provide that a State shall consider utility payments made in lieu of any direct rental payment to a landlord or public housing agency to be shelter costs for applicants or recipients living in housing assisted under the U.S. Housing Act of 1937, as amended, and section 236 of the National Housing Act. The amount considered as a shelter payment shall not exceed the total amount the applicant or recipient is expected to contribute for the cost of housing as determined by HUD. *Utility payments* means only those payments made directly to a utility company or supplier which are for gas, electricity, water, heating fuel, sewerage systems, and trash and garbage collection. Utility payments are made "in lieu of any direct rental payment to a landlord or public housing agency" when, and only when, the AFDC family pays its entire required contribution at HUD's direction to one or more utility companies and does not make any direct payment to the landlord or the public housing agency. Housing covered by "the U.S. Housing Act of 1937, as amended, and section 236 of the National Housing Act" means Department of Housing and Urban Development assisted housing which includes Indian and public housing, section 8 new and existing rental housing, and section 236 rental housing.

(3) *Income and resources.* (i)(A) *OAA, AB, APTD, AABD.* Specify the amount and types of real and personal property, including liquid assets, that may be reserved, i.e., retained to meet the

current and future needs while assistance is received on a continuing basis. In addition to the home, personal effects, automobile and income producing property allowed by the agency, the amount of real and personal property, including liquid assets, that can be reserved for each individual recipient shall not be in excess of two thousand dollars. Policies may allow reasonable proportions of income from businesses or farms to be used to increase capital assets, so that income may be increased; and (B) in AFDC—The amount of real and personal property that can be reserved for each assistance unit shall not be in excess of one thousand dollars equity value (or such lesser amount as the State specifies in its State plan) excluding only:

(1) The home which is the usual residence of the assistance unit;

(2) One automobile, up to \$1,500 of equity value or such lower limit as the State may specify in the State plan; (any excess equity value must be applied towards the general resource limit specified in the State plan);

(3) One burial plot (as defined in the State plan) for each member of the assistance unit;

(4) Bona fide funeral agreements (as defined and within limits specified in the State plan) up to a total of \$1,500 in equity value or such lower limit as the State may specify in the State plan for each member of the assistance unit (any excess equity value must be applied towards the general resource limit specified in the State plan). This provision addresses only formal agreements for funeral and burial expenses such as burial contracts, burial trusts or other funeral arrangements (generally with licensed funeral directors) and does not apply to other assets (e.g., passbook bank accounts, simple set-aside of savings, and cash surrender value of life insurance policies);

(5) Real property for a period of six consecutive months (or, at the option of the State, nine consecutive months) which the family is making a good faith effort (as defined in the State plan) to sell, subject to the following provisions. The family must sign an agreement to dispose of the property and to repay the amount of aid received during such period that would

not have been paid had the property been sold at the beginning of such period, but not to exceed the amount of the net proceeds of the sale. The family has five working days from the date it realizes cash from the sale of the excess real property to repay the overpayment; failure to make repayment within this period results in the cash being considered to be an available resource. If the family becomes ineligible for AFDC for any other reason during the conditional payment period while making a good faith effort to sell the property, or fails to sell the property by the end of the period despite such a good faith effort, then the amount of the overpayment attributable to the real property will not be determined and recovery will not be begun until the property is, in fact, sold. However, if the property was intentionally sold at less than fair market value so that a good faith effort to sell it was not made, or if it is otherwise determined that a good faith effort to sell the property is not being made, the overpayment amount shall be computed using the fair market value determined at the beginning of the period. For applicants, the conditional payment period begins with the first payment month for which all otherwise applicable eligibility conditions are met and payment is authorized. For recipients who acquire property while receiving assistance, the period begins with the payment month in which the recipient receives the property; and

(6) At State option, basic maintenance items essential to day-to-day living such as clothes, furniture and other similarly essential items of limited value.

(ii) Provide that in determining need and the amount of the assistance payment, after all policies governing the reserves and allowances and disregard or setting aside of income and resources referred to in this section have been uniformly applied:

(A) In determining need, all remaining income and resources shall be considered in relation to the State's need standard;

(B) In determining financial eligibility and the amount of the assistance payment all remaining income (except unemployment compensation received

§ 233.20

45 CFR Ch. II (10–1–11 Edition)

by an unemployed principal earner) and, except for AFDC, all resources may be considered in relation to either the State's need standard or the State's payment standard. Unemployment compensation received by an unemployed principal earner shall be considered only by subtracting it from the amount of the assistance payment after the payment has been determined under the State's payment method;

(C) States may have policies which provide for allocating an individual's income for his or her own support if the individual is not applying for or receiving assistance; for the support of other individuals living in the same household but not receiving assistance; and for the support of other individuals living in another household. Such other individuals are those who are or could be claimed by the individual as dependents for determining Federal personal income tax liability, or those he or she is legally obligated to support. No income may be allocated to meet the needs of an individual who has been sanctioned under §§ 224.51, 232.11(a)(2), 232.12(d), 238.22 or 240.22 or who is required to be included in the assistance unit and has failed to cooperate. The amount allocated for the individual and the other individuals who are living in the home must not exceed the State's need standard amount for a family group of the same composition. The amount allocated for individuals not living in the home must not exceed the amount actually paid.

(D) Income after application of disregards, except as provided in paragraph (a)(3)(xiii) of this section, and resources available for current use shall be considered. To the extent not inconsistent with any other provision of this chapter, income and resources are considered available both when actually available and when the applicant or recipient has a legal interest in a liquidated sum and has the legal ability to make such sum available for support and maintenance.

(E) For AFDC, income tax refunds, but such payments shall be considered as resources; and

(F) When the AFDC assistance unit's income, after applying applicable disregards, exceeds the State need stand-

ard for the family because of receipt of nonrecurring earned or unearned lump sum income (including for AFDC, title II and other retroactive monthly benefits, and payments in the nature of a windfall, e.g., inheritances or lottery winnings, personal injury and worker compensation awards, to the extent it is not earmarked and used for the purpose for which it is paid, i.e., monies for back medical bills resulting from accidents or injury, funeral and burial costs, replacement or repair of resources, etc.), the family will be ineligible for aid for the full number of months derived by dividing the sum of the lump sum income and other income by the monthly need standard for a family of that size. Any income remaining from this calculation is income in the first month following the period of ineligibility. The period of ineligibility shall begin with the month of receipt of the nonrecurring income or, at State option, as late as the corresponding payment month. For purposes of applying the lump sum provision, family includes all persons whose needs are taken into account in determining eligibility and the amount of the assistance payment, and includes solely for determining the income and resources of a family an individual who must be in a family pursuant to § 206.10(a)(1)(vii) but who does not meet a condition of his or her eligibility due to a failure to cooperate or is required by law to have his or her needs excluded from an assistance unit's AFDC grant calculation due to the failure to perform some action. A State may shorten the remaining period of ineligibility when: the standard of need increases and the amount the family would have received also changes (e.g., situations involving additions to the family unit during the period of ineligibility of persons who are otherwise eligible for assistance); the lump sum income or a portion thereof becomes unavailable to the family for a reason beyond the control of the family; or the family incurs and pays for medical expenses. If the State chooses to shorten the period of ineligibility, the State plan shall:

(1) Identify which of the above situations are included;

(2) In the case of situations involving an increase in the need standard and changes in the amount that should have been paid to the family, specify the types of circumstances which will be included;

(3) In the case of situations involving the unavailability of the lump sum income, include a definition of unavailability, and specify what reasons will be considered beyond the control of the family; and

(4) In the case of situations involving the payment of medical expenses, specify the types of medical expenses the State will allow to be offset against the lump sum income.

For purposes of this paragraph (a)(3): Automobile means a passenger car or other motor vehicle used to provide transportation of persons or goods. (In AFDC, in appropriate geographic areas, one alternate primary mode of transportation may be substituted for the automobile); Equity value means fair market value minus encumbrances (legal debts); Fair market value means the price an item of a particular make, model, size, material or condition will sell for on the open market in the geographic area involved (If a motor vehicle is especially equipped with apparatus for the handicapped, the apparatus shall not increase the value of the vehicle); Liquid assets are those properties in the form of cash or other financial instruments which are convertible to cash and include savings accounts, checking accounts, stocks, bonds, mutual fund shares, promissory notes, mortgages, cash value of insurance policies, and similar properties; Need standard means the money value assigned by the State to the basic and special needs it recognizes as essential for applicants and recipients; Payment standard means the amount from which non-exempt income is subtracted.

(iii) States may prorate income received by individuals employed on a contractual basis over the period of the contract or may prorate intermittent income received quarterly, semiannually, or yearly over the period covered by the income. In OAA, AB, APTD and AABD, they may use the prorated amount to determine need under § 233.23 and the amount of the assist-

ance payment under §§ 233.24 and 233.25. In AFDC, they may use the prorated amount to determine need under § 233.33 and the amount of the assistance payment under §§ 233.34 and 233.35.

(iv) Provide that in determining the availability of income and resources, the following will not be included as income:

(A) Except for AFDC, income equal to expenses reasonably attributable to the earning of income (including earnings from public service employment);

(B) Grants, such as scholarships, obtained and used under conditions that preclude their use for current living costs;

(C) Home produce of an applicant or recipient, utilized by him and his household for their own consumption;

(D) For AFDC, any amounts paid by a State IV-A agency from State-only funds to meet needs of children receiving AFDC, if the payments are made under a statutorily-established State program which has been continuously in effect since before January 1, 1979;

(E) For AFDC, income tax refunds, but such payments shall be considered as resources; and

(F) At State option, small non-recurring gifts, such as those for Christmas, birthdays and graduations, not to exceed \$30 per recipient in any quarter; and

(G) For AFDC, the amount paid to the family by the IV-A agency under § 232.20(d) or, in a State that treats direct support payments as income under § 233.20(a)(3)(v)(B), the first \$50 received by the assistance unit which represents a current monthly support obligation or a voluntary support payment. In no case shall the total amount disregarded exceed \$50 per month per assistance unit.

(v) Provide that agency policies will assure that:

(A) In determining eligibility for an assistance payment, support payments assigned under § 232.11 of this chapter will be treated in accordance with § 232.20 and § 232.21 of this chapter; and

(B) In determining the amount of an assistance payment, assigned support payments retained in violation of § 232.12(b)(4) of this chapter, will be counted as income to meet need unless the approved IV-A State plan provides

§ 233.20

45 CFR Ch. II (10–1–11 Edition)

that such support payments are subject to IV-D recovery under §§302.31(a)(3) and 303.80 of this title or unless such payments are sufficient to render the family ineligible as provided at §232.20 of this chapter.

(vi)(A) In family groups living together, income of the spouse is considered available for his spouse and income of a parent is considered available for children under 21, except as provided in paragraphs (a)(3)(xiv) and (a)(3)(xviii) of this section for AFDC. If an individual is a spouse or parent who is a recipient of SSI benefits under title XVI, an individual with respect to whom Federal foster care payments are made, an individual with respect to whom State or local foster care payments are made, an individual with respect to whom Federal adoption assistance payments are made, or an individual with respect to whom State or local adoption assistance payments are made, then, for the period for which such benefits or payments are received, his or her income and resources shall not be counted as income and resources available to the AFDC unit except that a child receiving adoption assistance payments will not be excluded if such exclusion would cause the AFDC benefits of the assistance unit of which the child would otherwise be considered a member to be reduced. For purposes of this exception, “a recipient of SSI benefits under title XVI” includes a spouse or parent receiving mandatory or optional State supplementary payments under section 1616(a) of the Social Security Act or under section 212 of Public Law 93–66 and an “individual with respect to whom Federal foster care payments are made” means a child with respect to whom Federal foster care maintenance payments are made under section 472(b) and defined in section 475(4)(A) of the Act, and a child whose costs in a foster family home or child-care institution are covered by the foster care maintenance payments made with respect to his or her minor parent under sections 472(h) and 475(4)(B) of the Act. “Individuals with respect to whom Federal adoption assistance payments are made” means a child who receives payments made under an approved title IV-E plan based on an adoption assistance agree-

ment between the State and the adoptive parents of a child with special needs, pursuant to sections 473 and 475(3) of the Social Security Act.

(B) Income of an alien parent, who is disqualified pursuant to §233.50(c) is considered available to the otherwise eligible child by applying the step-parent deeming formula at 45 CFR 233.20(a)(3)(xiv).

(vii) If the State agency establishes policy under which assistance from other agencies and organizations will not be deducted in determining the amount of assistance to be paid, provide that no duplication shall exist between such other assistance and that provided by the public assistance agency. In such complementary program relationships, nonduplication shall be assured by provision that such aid will be considered in relation to: (a) The different purpose for which the other agency grants aid such as vocational rehabilitation; (b) the provision of goods and services that are not included in the statewide standard of the public assistance agency, e.g., a private agency might provide money for special training for a child or for medical care when the public assistance agency does not carry this responsibility; or housing and urban development payments might be provided to cover moving expenses that are not included in the assistance standard; or (c) the fact that public assistance funds are insufficient to meet the total amount of money determined to be needed in accordance with the statewide standard. In such instances, grants by other agencies in an amount sufficient to make it possible for the individual to have the amount of money determined to be needed, in accordance with the public assistance agency standard, will not constitute duplication.

(viii) Provide that: (A) Payment will be based on the determination of the amount of assistance needed; (B) if full individual payments are precluded by maximums or insufficient funds, adjustments will be made by methods applied uniformly statewide; (C) in the case of AFDC no payment of aid shall be made to an assistance unit in any month in which the amount of aid prior to any adjustments is determined

to be less than \$10; and (D) an individual who is denied aid because of the limitation specified in (C) of this section, or because the payment amount is determined to be zero as a result of rounding the payment amount as required by § 233.20(a)(2)(iv), shall be deemed a recipient of aid for all other purposes except participation in the Community Work Experience Program.

(ix) Provide that the agency will establish and carry out policies with reference to applicants' and recipients' potential sources of income that can be developed to a state of availability.

(x) Provide that the income and resources of individuals receiving SSI benefits under title XVI, individuals with respect to whom Federal foster care payments are made, individuals with respect to whom State or local foster care payments are made, individuals with respect to whom Federal adoption assistance payments are made, or individuals with respect to whom State or local adoption assistance payments are made, for the period for which such benefits or payments are received, shall not be counted as income and resources of an assistance unit applying for or receiving assistance under title IV-A; except that a child receiving adoption assistance payments will not be excluded if such exclusion would cause the AFDC benefits of the assistance unit of which the child would otherwise be considered a member to be reduced. Under this requirement, "individuals receiving SSI benefits under title XVI" include individuals receiving mandatory or optional State supplementary payments under section 1616(a) of the Social Security Act or under section 212 of Public Law 93-66 and, "individuals with respect to whom Federal foster care payments are made" means a child with respect to whom Federal foster care maintenance payments are made under section 472(b) and defined in section 475(4)(A) of the Act, and a child whose costs in a foster family home or child-care institution are covered by foster care maintenance payments made with respect to his or her minor parent under sections 472(h) and 475(4)(B) of the Act. "Individuals with respect to whom Federal adoption assistance payments are made" means a child who re-

ceives payments made under an approved title IV-E plan based on an adoption assistance agreement between the State and the adoptive parents of a child with special needs, pursuant to sections 473 and 475(3) of the Social Security Act.

(xi) In the case of AFDC if the State chooses to count the value of the food stamp coupons as income, provide that the State plan shall:

(A) Identify the amount for food included in its need and payment standards for an assistance unit of the same size and composition. (States which have a flat grant system must estimate the amount based on historical data or some other justifiable procedure.); and

(B) Specify the amount of such food stamp coupons that it will count as income. Under this requirement, the amount of food stamp coupons which a State may count as income may not exceed the amount for food established in its payment standard for an assistance unit of the same size and composition.

(xii) In the case of AFDC if the State chooses to count the value of the governmental rent or housing subsidies as income, provide that the State plan shall:

(A) Identify the amount for shelter included in its need and payment standards for an assistance unit of the same size and composition. (States which have a flat grant system must estimate this amount based on historical data or some other justifiable procedure.); and

(B) Specify the amount of such housing assistance that it will count as income. Under this requirement, the amount of such rent or housing subsidies which a State may count as income may not exceed the amount for shelter established in its payment standard for assistance unit of the same size and composition.

(xiii) Under the AFDC plan, provide that no assistance unit is eligible for aid in any month in which the unit's income (other than the assistance payment) exceeds 185 percent of the State's need standard (including special needs) for a family of the same composition (including special needs), without application of the disregards in paragraph (a)(11)(i) (except to the

§ 233.20

45 CFR Ch. II (10–1–11 Edition)

extent provided for under paragraph (a)(3)(xix)), paragraph (a)(11)(ii) and paragraph (a)(11)(viii) of this section.

(xiv) For AFDC, in States that do not have laws of general applicability holding the stepparent legally responsible to the same extent as the natural or adoptive parent, the State agency shall count as income to the assistance unit the income of the stepparent (i.e., one who is married, under State law, to the child's parent) of an AFDC child who is living in the household with the child after applying the following disregards (exception: if the stepparent is included in the assistance unit, the disregard under paragraph (a)(11) (i) and (ii) of this section apply instead:

(A) The first \$90 of the gross earned income of the stepparent;

(B) An additional amount for the support of the stepparent and any other individuals who are living in the home, but whose needs are not taken into account in making the AFDC eligibility determinations except for sanctioned individuals or individuals who are required to be included in the assistance unit but have failed to cooperate and are or could be claimed by the stepparent as dependents for purposes of determining his or her Federal personal income tax liability. This disregarded amount shall equal the State's need standard amount for a family group of the same composition as the stepparent and those other individuals described in the preceding sentence;

(C) Amounts actually paid by the stepparent to individuals not living in the home but who are or could be claimed by him or her as dependents for purposes of determining his or her Federal personal income tax liability; and

(D) Payments by such stepparent of alimony or child support with respect to individuals not living in the household.

(xv) For AFDC, provide for the consideration of the income and resources of an alien's sponsor who is an individual as provided in § 233.51.

(xvi) For AFDC, provide that in considering the availability of income and resources, support and maintenance assistance (including home energy assist-

ance) will be taken into account in accordance with § 233.53.

(xvii) In the case of AFDC, if the State chooses to disregard monthly income of any dependent child when the income is derived from participation in a program under the JTPA, provide that the State plan shall:

(A) Identify from which programs under the JTPA, income will be disregarded;

(B) In the case of earned income, specify what amount will be disregarded, and the length of time the disregard will be applicable (up to six months per calendar year); and

(C) In the case of unearned income, specify what amount will be disregarded, and the length of time per calendar year the disregard will be applicable if any such limit is chosen.

(xviii) For AFDC, in the case of a dependent child whose parent is a minor under the age of 18 (without regard to school attendance), the State shall count as income to the assistance unit the income, after appropriate disregards, of such minor's own parent(s) living in the same household as the minor and dependent child. The disregards to be applied are the same as are applied to the income of a stepparent pursuant to paragraph (a)(3)(xiv) of this section. However, in applying the disregards, each employed parent will receive the benefit of the work expense disregard in paragraph (a)(3)(xiv)(A) of this section.

(xix) In the case of AFDC, if the State chooses to disregard monthly earned income of dependent children who are full-time students in the determination of whether the family's income exceeds the limit under § 233.20(a)(3)(xiii) of this section, provide that the State plan shall specify what amounts will be disregarded and the length of time the disregard will be applicable (up to six months per calendar year) except that earned income derived from participation in a program under the JTPA may only be disregarded under this paragraph, paragraph (a)(3)(xvii) or a combination of both paragraphs for a total of 6 months per calendar year.

(xx) In the case of AFDC, if the State chooses to disregard in the determination of eligibility the monthly earned

income of dependent children applying for AFDC who are full-time students, provide that the State plan shall:

(A) Specify the amount that will be disregarded, and

(B) Provide that the disregard shall only apply to the extent that the earned income is also disregarded pursuant to paragraph (a)(3)(xix) of this section.

(xxi) Provide that the principal of a bona fide loan will not be counted as income or resources in the determination of eligibility and the amount of assistance. Interest earned on a loan is counted as unearned income in the month received and as resources thereafter and purchases made with a loan are counted as resources. For purposes of this paragraph, a loan is considered bona fide when it meets objective and reasonable criteria included in the State plan.

(4) *Disregard of income in OAA, AFDC, AB, APTD, OR AABD.* (i) For all programs except AFDC. If the State chooses to disregard income from all sources before applying other provisions for disregarding or setting aside income, specify the amount that is first to be disregarded, but not more than \$7.50 per month, of any income of an individual, child or relative claiming assistance. All income must be included such as social security or other benefits, earnings, contributions from relatives, or other income the individual may have.

(ii) Provide that in determining eligibility for public assistance and the amount of the assistance payment, the following will be disregarded as income and resources:

(a) In OAA, AB, APTD, and AABD, the value of the coupon allotment under the Food Stamp Act of 1964 in excess of the amount paid for the coupons;

(b) The value of the U.S. Department of Agriculture donated foods (surplus commodities);

(c) Any payment received under title II of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970;

(d) Grants or loans to any undergraduate student for educational purposes made or insured under any programs administered by the Secretary

of Education except the programs under the Carl D. Perkins Vocational and Applied Technology Education Act (20 U.S.C. 2301 *et seq.*). Student financial assistance provided under the Carl D. Perkins Vocational and Applied Technology Education Act will be disregarded in accordance with paragraph (a)(4)(ii)(t) of this section.

(e) Any funds distributed per capita to or held in trust for members of any Indian tribe under Public Law 92-254 or Pub. L. 94-540;

(f) Any benefits received under title VII, Nutrition Program for the Elderly, of the Older Americans Act of 1965, as amended;

(g) Payments for supporting services or reimbursement of out-of-pocket expenses made to individual volunteers serving as foster grandparents, senior health aides, or senior companions, and to persons serving in the Service Corps of Retired Executives (SCORE) and Active Corps of Executives (ACE) and any other programs under titles II and III, pursuant to section 418 of Pub. L. 93-113;

(h) Payments to applicants or recipients participating in the Volunteers in Service to America (VISTA) Program, except that this disregard will not be applied when the Director of ACTION determines that the value of all such payments, adjusted to reflect the number of hours such volunteers are serving, is equivalent to or greater than the minimum wage then in effect under the Fair Labor Standards Act of 1938, or the minimum wage under the laws of the States where the volunteers are serving, whichever is greater. (Section 404(g) of Pub. L. 93-113, as amended by section 9 of Pub. L. 96-143);

(i) The value of supplemental food assistance received under the Child Nutrition Act of 1966 as amended, and the special food service program for children under the National School Lunch Act, as amended (Pub. L. 92-433 and Pub. L. 93-150);

(j) [Reserved]

(k) Pursuant to section 15 of Public Law 100-241, any of the following distributions made to a household, an individual Native, or a descendant of a Native by a Native Corporation established pursuant to the Alaska Native

§ 233.20

45 CFR Ch. II (10–1–11 Edition)

Claims Settlement Act (ANCSA) (Pub. L. 92–203, as amended):

(1) Cash distributions (including cash dividends on stock from a Native Corporation) received by an individual are never counted as income or resources to the extent that such cash does not, in the aggregate, exceed \$2,000 in a year. Cash which, in the aggregate, is in excess of \$2,000 in a year is not subject to the income and resources disregards in this paragraph (a)(4)(ii)(k)(I);

(2) Stock (including stock issued or distributed by a Native Corporation as a dividend or distribution on stock);

(3) A partnership interest;

(4) Land or an interest in land (including land or an interest in land received from a Native Corporation as a dividend or distribution on stock); and

(5) An interest in a settlement trust.

(l) Benefits paid to eligible households under the Low Income Home Energy Assistance Act of 1981 pursuant to section 2605(f) of Pub. L. 97–35;

(m) Effective October 17, 1975, pursuant to section 6 of Pub. L. 94–114 (89 Stat. 577, 25 U.S.C. 459e) receipts distributed to members of certain Indian tribes which are referred to in section 5 of Pub. L. 94–114 (89 Stat. 577, 25 U.S.C. 459d).

(n) Pursuant to section 7 of Public Law 93–134, as amended by section 4 of Public Law 97–458, Indian judgment funds that are held in trust by the Secretary of the Interior (including interest and investment income accrued while such funds are so held in trust), or distributed per capita to a household or member of an Indian tribe pursuant to a plan prepared by the Secretary of the Interior and not disapproved by a joint resolution of the Congress, and initial purchases made with such funds. This disregard does not apply to proceeds from the sale of initial purchases, subsequent purchases made with funds derived from the sale or conversion of the initial purchases, or to funds or initial purchases which are inherited or transferred.

(o) Pursuant to section 2 of Public Law 98–64, all funds held in trust by the Secretary of the Interior for an Indian tribe (including interest and investment income accrued while such funds are so held in trust) and distributed per

capita to a household or member of an Indian tribe, and initial purchases made with such funds. This disregard does not apply to proceeds from the sale of initial purchases, subsequent purchases made with funds derived from the sale or conversion of initial purchases, or to funds or initial purchases which are inherited or transferred.

(p) Any student financial assistance provided under programs in title IV of the Higher Education Act of 1965, as amended, and under Bureau of Indian Affairs education assistance programs.

(q) For AFDC, any payments made as restitution to an individual under title I of Public Law 100–383 (the Civil Liberties Act of 1988) or under title II of Public Law 100–383 (the Aleutian and Pribilof Islands Restitution Act).

(r) Any Federal major disaster and emergency assistance provided under the Disaster Relief Act of 1974, as amended by Public Law 100–707 (the Disaster Relief and Emergency Assistance Amendments of 1988) and comparable disaster assistance provided by States, local governments and disaster assistance organizations.

(s) Any payments made pursuant to the settlement in the *In Re Agent Orange Product liability litigation*, M.D.L. No. 381 (E.D.N.Y.).

(t) Student financial assistance made available for the attendance costs defined in this paragraph under programs in the Carl D. Perkins Vocational and Applied Technology Education Act (20 U.S.C. 2301 *et seq.*). Attendance costs are: tuition and fees normally assessed a student carrying the same academic workload as determined by the institution, and including costs for rental or purchase of any equipment, materials, or supplies required of all students in the same course of study; and an allowance for books, supplies, transportation, dependent care and miscellaneous personal expenses for a student attending the institution on at least a half-time basis, as determined by the institution.

(u) For AFDC, any payments made pursuant to section 6(h)(2) of Public Law 101–426, the Radiation Exposure Compensation Act.

(iii) Provide that income and resources which are disregarded or set

aside under this part will not be taken into consideration in determining the need of any other individual for assistance.

(iv) For AFDC, any amounts determined to have been paid by a State from State-only funds to supplement or otherwise increase the amount of aid paid to an assistance unit as computed under § 233.35 for a month in recognition of current or anticipated needs of the assistance unit for that same month shall not be counted as income—to the extent that the total of the State supplemental payment, the AFDC payment and actual income (i.e., the amount of income received during the payment month after subtracting from gross income the \$75 work expense disregard (to recognize mandatory payroll deductions, transportation costs, and other work expenses), child care and other applicable disregards) received in that month are not in excess of what the State would have paid for that month to an assistance unit of the same size and composition with no income—in computing the assistance payment under § 233.35 for the corresponding payment month.

(5) *Proration of shelter, utilities, and similar needs in AFDC.* (i) Provide that the State agency may prorate allowances in the need and payment standards for shelter, utilities, and similar needs when the AFDC assistance unit lives together with other individuals as a household; except that, the State shall not prorate with respect to any person receiving SSI to whom the statutory one-third reduction (section 1612(a)(2)(A)(i) of the Act) is applied, or prorate when a bona fide landlord-tenant relationship exists. If the State chooses to prorate under this paragraph, it must prorate both the need standard and payment standard.

(ii) If the State agency elects to prorate allowances for shelter, utilities, and similar needs the State plan must:

(A) Indicate which allowances will be prorated, and describe the procedure which will be used to prorate the allowances;

(B) Provide that the allowances will be prorated on a reasonable basis; and

(C) Specify the circumstances under which proration will occur, including a description of which individuals are

considered to be living with an AFDC assistance unit as a household.

(6) *Disregard of earned income; definition.* Provide that for purposes of disregarding earned income the agency policies will include:

(i) A definition of *earned income* in accordance with the provisions of paragraphs (a)(6) (iii) through (ix) of this section; and

(ii) Provision for disregarding earned income for the period during which it is earned, rather than when it is paid, in cases of lump-sum payment for services rendered over a period of more than 1 month.

(iii) The term *earned income* encompasses income in cash or in kind earned by an individual through the receipt of wages, salary, commissions, or profit from activities in which he is engaged as a self-employed individual or as an employee. For AFDC, *earned income* means gross earned income prior to any deductions for taxes or for any other purposes, except as provided in paragraph (a)(6)(v). Such earned income may be derived from his own employment, such as a business enterprise, or farming; or derived from wages or salary received as an employee. It includes earnings over a period of time for which settlement is made at one given time, as in the instance of sale of farm crops, livestock, or poultry. For OAA, AB, APTD and AABD only, in considering income from farm operation, the option available for reporting under OASDI, namely the *cash receipts and disbursements* method, i.e., a record of actual gross, of expenses, and of net, is an individual determination and is acceptable also for these assistance programs.

(iv) With reference to commissions, wages, or salary, the term *earned income* means the total amount, irrespective of personal expenses, such as income-tax deductions, lunches, and transportation to and from work, and irrespective of expenses of employment which are not personal, such as the cost of tools, materials, special uniforms, or transportation to call on customers.

(v)(A) For OAA, AB, APTD, and AABD, with respect to self-employment, the term *earned income* means

the total profit from business enterprise, farming, etc., resulting from a comparison of the gross income received with the *business expenses*, i.e., total cost of the production of the income. Personal expenses, such as income-tax payments, lunches, and transportation to and from work, are not classified as business expenses.

(B) For AFDC, with respect to self-employment the term *earned income* means the total profit from business enterprise, farming, etc., resulting from a comparison of the gross receipts with the *business expenses*, i.e., expenses directly related to producing the goods or services and without which the goods or services could not be produced. However, items such as depreciation, personal business and entertainment expenses, personal transportation, purchase of capital equipment and payments on the principal of loans for capital assets or durable goods are not business expenses.

(vi) The definition shall exclude the following from *earned income*: Returns from capital investment with respect to which the individual is not himself actively engaged, as in a business (for example, under most circumstances, dividends and interest would be excluded from *earned income*); benefits (not in the nature of wages, salary, or profit) accruing as compensation, or reward for service, or as compensation for lack of employment (for example, pensions and benefits, such as United Mine Workers' benefits or veterans' benefits).

(vii) With regard to the degree of activity, earned income is income produced as a result of the performance of services by a recipient; in other words, income which the individual earns by his own efforts, including managerial responsibilities, would be properly classified as earned income, such as management of capital investment in real estate. Conversely, for example, in the instance of capital investment wherein the individual carries no specific responsibility, such as where rental properties are in the hands of rental agencies and the check is forwarded to the recipient, the income would not be classified as earned income.

(viii) Reserves accumulated from earnings are given no different treat-

ment than reserves accumulated from any other sources.

(7) *Disregard of earned income; method.*

(i) Provide that for other than AFDC, the following method will be used for disregarding earned income: The applicable amounts of earned income to be disregarded will be deducted from the gross amount of *earned income*, and all work expenses, personal and non-personal, will then be deducted. Only the net amount remaining will be applied in determining need and the amount of the assistance payment.

(ii) In applying the \$30 and one-third disregard under paragraph (a)(11)(i)(D) of this section to an applicant for AFDC, there will be a preliminary step to determine whether the assistance unit is eligible without applying the disregard to the individual's earned income, by comparing the applicant's gross earned income (less the disregards in paragraphs (a)(11)(i)(A), (B) and (C)) and all of the assistance unit's other income to the State need standard. This preliminary step does not apply if the individual has received AFDC in one of the four months prior to the month of application.

(8) *Disregard of earned income applicable only to OAA, APTD, or AABD.* If the State chooses to disregard earned income, specify the amount to be disregarded of the first \$80 per month of income that is earned by an aged or disabled individual claiming OAA, APTD, or AABD, who is not blind, but not more than \$20 per month plus one-half of the next \$60 of such earned income.

(9) *Disregard of income and resources applicable only to APTD or AABD.* If the State chooses to disregard income (which may be additional to the income disregarded under paragraph (a)(8) of this section) or resources for a disabled individual to achieve the fulfillment of a plan of self-support, provide that the amounts of additional income and resources will not exceed those found necessary for the period during which the individual is actually undergoing vocational rehabilitation, and specify the period, not in excess of 36 months, for which such amounts are to be disregarded.

(10) *Disregard of income and resources applicable only to AB or AABD.* Provide

that, in determining the need of individuals who are blind, (i) the first \$85 per month of earned income of the individual plus one-half of earned income in excess of \$85 per month will be disregarded; and (ii) if the individual has a plan for achieving self-support, such additional income and resources as are necessary to fulfill such plan will be disregarded for a period not in excess of 12 months. Such additional income and resources may be disregarded for an additional period not in excess of 24 months (for a total of 36 months), as specified in the State plan.

(11) *Disregard of income and resources applicable only to AFDC.* (i) For purposes of eligibility determination, the State must disregard from the monthly earned income, i.e., earned income as defined in § 233.20(a)(6)(iii), of each individual whose needs are included in the eligibility determination:

(A) Disregard all of the monthly earned income of each child receiving AFDC if the child is a full-time student or is a part-time student who is not a full-time employee. A student is one who is attending a school, college, or university or a course of vocational or technical training designed to fit him or her for gainful employment and includes a participant in the Job Corps program under the Job Training Partnership Act (JTPA).

(B) The first \$90.

(C) Where appropriate, an amount equal to \$30 plus one-third of the earned income not already disregarded under paragraphs (a)(11)(i), (a)(11)(v) and (a)(11)(vi) of this section of an individual who received assistance in one of the four prior months.

(D) An amount equal to the actual cost for the care of each dependent child or incapacitated adult living in the same home and receiving AFDC, but not to exceed \$175 for each dependent child who is at least age two or each incapacitated adult, and not to exceed \$200 for each dependent child who is under age two. For individuals not engaged in full-time employment or not employed throughout the month, the \$175 and \$200 disregard limits may be applied, or the State agency may establish disregard limits less than \$175 and \$200.

(E) Where appropriate, \$30 of the earned income not already disregarded under paragraphs (a)(11)(i), (v), and (vi) of this section, in the case of an individual who reapplies for assistance within the eight-month period that he/she is eligible for the \$30 disregard.

(ii) For purposes of benefit calculation for individuals found eligible under paragraph (a)(11)(i) of this section, the following disregards must be made by the State:

(A) Disregard all of the monthly earned income of each child receiving AFDC if the child is a full-time student or is a part-time student who is not a full-time employee. A student is one who is attending a school, college, or university or a course of vocational or technical training designed to fit him or her for gainful employment and includes a participant in the Job Corps program under the Job Training Partnership Act (JTPA).

(B) Disregard from any other individual's earned income the amounts specified in paragraphs (a)(11)(i)(B) and (a)(11)(i)(D) of this section, and \$30 plus one-third of the individual's earned income not already disregarded under paragraphs (a)(11)(ii) and (a)(11)(v) of this section. However, the State may not provide the one-third portion of the disregard to an individual after the fourth consecutive month (any month for which the unit loses the \$30 plus one-third disregard because of a provision in paragraph (a)(11)(iii) of this section, shall be considered as one of these months) it has been applied to the individual's earned income and may not apply the \$30 disregard after the eighth month following the fourth consecutive month (regardless of whether the \$30 disregard was actually applied in those months) unless twelve consecutive months have passed during which the individual is not a recipient of AFDC. If income from a recurring source resulted in suspension or termination due to an extra paycheck, the month of ineligibility does not interrupt the accumulation of consecutive months of the \$30 plus one-third disregard, nor does it count as one of the consecutive months.

(iii) The applicable earned income disregards in paragraphs (i) (B) and (C) and (ii)(B) of this paragraph do not

§ 233.20

45 CFR Ch. II (10–1–11 Edition)

apply to the earned income of the individual for the month in which one of the following conditions apply to him:

(A) An individual terminated his employment or reduced his earned income without good cause (as specified in the State plan) within the period of 30 days preceding such month;

(B) An individual refused without good cause (as specified in the State plan) within the period of 30 days preceding such month to accept employment in which he is able to engage which is offered through the public employment offices of the State, or is otherwise offered by an employer if the offer of such employer is determined by the State or local agency administering the State plan, after notification by him, to be a bona fide offer of employment;

(C) An individual failed without good cause (as specified in the State plan) to make a timely report (as defined in § 233.37(c)) of that income; or

(D) The individual voluntarily requests assistance to be terminated for the primary purpose of avoiding receiving the \$30 and one-third disregard for four consecutive months.

(iv) [Reserved]

(v) The treatment of earned income and expenses under JOBS is as follows:

(A) For earned income from regular employment or on-the-job training, as described at § 250.61, the disregards in paragraphs (a)(11)(i) and (a)(11)(ii)(B) shall apply.

(B) For earned income from a job under the work supplementation component, as described at § 250.62, the disregards in paragraphs (a)(11)(i) and (a)(11)(ii)(B) shall apply unless the State IV-A agency in its State JOBS plan, has elected to provide otherwise under § 250.62(j) and § 250.62(k).

(C) For all activities under JOBS and self-initiated education and training in non-JOBS areas, advance payment or reimbursement to the individual for child care, transportation, work-related expenses, or work-related supportive services is disregarded.

(D) Payment or reimbursement of child care pursuant to part 255 for employed individuals who are not JOBS participants and one-time work-related expenses for individuals who are not

JOBS participants pursuant to part 255 are disregarded.

(vi) At State option, disregard all or part of the monthly income of any dependent child applying for or receiving AFDC when the income is derived from a program carried out under the Job Training Partnership Act of 1982, except that in respect to earned income such disregard may not exceed six months per calendar year.

(vii) At State option, disregard all or part of the monthly earned income of any dependent child applying for AFDC, if the child is a full-time student, and that income has been disregarded for purposes of paragraph (a)(3)(xiii) of this section.

(viii) Disregard as income the amount of any earned income tax credit payments received by an applicant or recipient. Disregard as resources, in the month of receipt and the following month, the amount of any earned income tax credit payments received by an applicant or recipient. “Earned income tax credit payments” include: Any advance earned income tax credit payment made to a family by an employer and any earned income tax credit payment made as a refund of Federal income taxes.

(12) *Recoupment of overpayments and correction of underpayments for programs other than AFDC.* Specify uniform Statewide policies for:

(i) Recoupment of overpayments of assistance, including certain overpayments resulting from assistance paid pending hearing decisions.

(A) The State may not recoup any overpayment previously made to a recipient:

(1) Unless the recipient has income or resources exclusive of the current assistance payment currently available in the amount by which the agency proposes to reduce payments: except that,

(2) Where such overpayments were occasioned or caused by the recipient’s willful withholding of information concerning his income, resources or other circumstances which may affect the amount of payment, the State may recoup prior overpayments from current assistance grants irrespective of current income or resources.

(B) Withholding of information which is subject to the provisions of paragraph (a)(12)(i)(A)(2) of this section includes the following:

(1) Willful misstatements (either oral or written) made by a recipient in response to oral or written questions from the State agency concerning the recipient's income, resources or other circumstances which may affect the amount of payment. Such misstatements may include understatements of amounts of income or resources and omission of an entire category of income or resources;

(2) A willful failure by the recipient to report changes in income, resources or other circumstances which may affect the amount of payment, if the State agency has clearly notified the recipient of an obligation to report such changes. The recipient shall be given such notification periodically at times (not less frequently than semi-annually) and by methods which the State agency determines will effectively bring such reporting requirements to the recipient's attention;

(3) A willful failure by the recipient (i) to report receipt of a payment which the recipient knew represented an erroneous overpayment, or (ii) to notify the State agency of receipt of a check which exceeded the prior check by at least the amount which the State agency had previously notified the recipient (pursuant to the provisions of paragraph (a)(12)(i)(A)(4) of this section) might represent an overpayment and constitute a sum to which the recipient would not be entitled. In making a determination pursuant to this paragraph (a)(12)(i)(B)(3), all relevant circumstances including the amount by which the erroneous payment exceeded the previous payment shall be considered.

(C) Each periodic notification under paragraph (a)(12)(i)(B)(2) of this section shall:

(1) Include a reminder that it is the recipient's continuing obligation to furnish to the State agency accurate and timely information concerning changes in income, resources, or other circumstances which may affect the amount of payment, within a reasonable specified period after such change. The recipient may also be notified that

a failure to so notify the State agency within the designated time period may constitute a willful withholding of such information and permit the State agency to recover any overpayment occasioned or caused by the willful withholding;

(2) Specifically and comprehensively in simple phraseology indicate the type of information to be disclosed by the recipient. Examples shall be furnished of the most frequent types of newly acquired income or resources (e.g., inheritance, wages from a part-time job);

(3) Require that, if there is any doubt whether a particular change in circumstances constitutes such reportable information, the recipient contact the State agency or a designated representative thereof within a reasonable specified period of time after such change in circumstances;

(4) If the State plan provides for recoupment in the circumstances described in paragraph (a)(12)(i)(B)(3)(ii) of this section, notify the recipient that if the check received exceeds the prior check by a specified amount (which amount may not be less than that which a reasonable man should have known was erroneous), this increased check may constitute a sum to which the recipient is not entitled. In such instances, the notification may require that the recipient notify the State agency or a designated representative thereof prior to the negotiation of such check, so that corrective action may be taken; the State agency shall respond to such notification within 24 hours. The recipient may also be notified that a failure to so notify the State agency within the designated time period may constitute a willful withholding of such information and permit the State agency to recover such overpayment.

(D) The State agency shall require periodic formal acknowledgement by recipients (on a form utilized for this purpose) that the reporting obligations of this paragraph had been brought to the recipient's attention and that they were understood.

(E) Any recoupment of overpayments made under circumstances other than those specified in paragraph (a)(12)(i)(B) of this section shall be limited to overpayments made during the

§ 233.20

45 CFR Ch. II (10–1–11 Edition)

12 months preceding the month in which the overpayment was discovered.

(F) Any recoupment of overpayments permitted by paragraph (a)(12)(i)(A)(2) of this section may be made from available income and resources (including disregarded, set-aside or reserved items) or from current assistance payment or from both. If recoupments are made from current assistance payments, the State shall, on a case-by-case basis, limit the proportion of such payments that may be deducted in each case, so as not to cause undue hardship to recipients.

(G) The plan may provide for recoupment in all situations specified herein, or only in certain of the circumstances specified herein, and for waiver of the overpayment where the cost of collection would exceed the amount of the overpayment.

(H) Election by the State not to recoup overpayments shall not waive the provisions of §§ 205.40, and 205.41, or any other quality control requirement.

(ii) Prompt correction of underpayments to current recipients, resulting from administrative error where the State plan provides for recoupment of overpayments. Under this requirement:

(a) Retroactive corrective payment shall be made only for the 12 months preceding the month in which the underpayment is discovered;

(b) For purposes of determining continued eligibility and amount of assistance, such retroactive corrective payments shall not be considered as income or as a resource in the month paid nor in the next following month; and

(c) No retroactive payment need be made where the administrative cost would exceed the amount of the payment.

(13) *Recovery of overpayments and correction of underpayments for AFDC.*(i) Specify uniform Statewide policies for recovery of overpayments of assistance, including overpayments resulting from assistance paid pending hearing decisions. Overpayment means a financial assistance payment received by or for an assistance unit for the payment month which exceeds the amount for which that unit was eligible. (The agency may deny assistance for the corresponding payment month rather

than recover if the assistance unit was ineligible for the budget month, the State becomes aware of the ineligibility when the monthly report is submitted, the recipient accurately reported the budget month's income and other circumstances, and the assistance unit will be eligible for the following payment month.)

(A) The State must take all reasonable steps necessary to promptly correct any overpayment, except that, as set forth in the plan, a State may waive any overpayment which occurred because receipt of an earned income tax credit payment by a family during the period January 1, 1990, to December 31, 1990, caused ineligibility under the 185 percent gross income limitation in paragraph (a)(3)(xiii) of this section.

(1) Any recovery of an overpayment to a current assistance unit, including a current assistance unit or recipient whose overpayment occurred during a prior period of eligibility, must be recovered through repayment (in part or in full) by the individual responsible for the overpayment or recovering the overpayment by reducing the amount of any aid payable to the assistance unit of which he or she is a member, or both.

(2) If recovery is made from the grant, such recovery shall result in the assistance unit retaining, for any payment month, from the combined aid, income and liquid resources, (without application of section 402(a)(8) of the Act) not less than 90 percent of the amount payable under the State plan to a family of the same composition with no other income. Where a State chooses to recover at a rate less than the maximum, it must recover promptly.

(B) The State shall recover an overpayment from (1) the assistance unit which was overpaid, or (2) any assistance unit of which a member of the overpaid assistance unit has subsequently become a member, or (3) any individual members of the overpaid assistance unit whether or not currently a recipient. If the State recovers from individuals who are no longer recipients, or from recipients who refuse to repay the overpayment from their income and resources, recovery shall be made by appropriate action under

State law against the income or resources of those individuals.

(C) If through recovery, the amount payable to the assistance unit is reduced to zero, members of the assistance unit are still considered recipients of AFDC.

(D) In cases which have both an underpayment and an overpayment, the State may offset one against the other in correcting the payment.

(E) Prompt recovery of an overpayment: A State must take one of the following three actions by the end of the quarter following the quarter in which the overpayment is first identified:

(1) Recover the overpayment, (2) initiate action to locate and/or recover the overpayment from a former recipient, or (3) execute a monthly recovery agreement from a current recipient's grant or income/resources.

(ii) Specify uniform Statewide policies for prompt correction of any underpayments to current recipients and those who would be a current recipient if the error causing the underpayment had not occurred. Underpayment means a financial assistance payment received by or for an assistance unit for the payment month which is less than the amount for which the assistance unit was eligible, or failure by the State to issue a financial assistance payment for the payment month to an eligible assistance unit if such payment should have been issued. Under this requirement, for purposes of determining continued eligibility and amount of assistance, such retroactive corrective payments shall not be considered as income, or as a resource in the month paid nor in the next following month.

(iii) Paragraph (a)(13) of this section is effective for incorrect payments which are identified subsequent to September 30, 1981.

(iv) In locating former recipients who have outstanding overpayments the State should use appropriate data sources such as State unemployment insurance files, State Department of Revenue information from tax returns, State automobile registration, Bendex, and other files relating to current or former recipients.

(v) The State must maintain information on the individual and total

number and amount of overpayments identified and their disposition for current and former recipients.

(vi) The State may elect not to attempt recovery of an overpayment from an individual no longer receiving aid where the overpayment amount is less than \$35. Where the overpayment amount owed by an individual no longer receiving aid is \$35 or more, the State can determine when it is no longer cost-effective to continue overpayment recovery efforts, provided it has made reasonable efforts to recover the overpayment from the individual. Reasonable efforts must include notification of the amount of and reason for the overpayment and that repayment is required. States must also maintain information regarding uncollected overpayments as provided under paragraph (a)(13)(v) of this section, to enable the State to recover those overpayments if the individual subsequently becomes a recipient. In cases involving fraud, States must make every effort to recover the overpayment, regardless of the amount.

(14) For Medicaid eligibility only, beginning October 1, 1998, pursuant to section 402(a)(37) of the Act, an assistance unit will be deemed to be receiving AFDC, but only for the purposes of this paragraph, for a period of nine months after the last month the family actually received aid if the loss of AFDC eligibility was solely because a member of the unit was no longer eligible due to the 4 and 12 month time limitations to have the \$30 and one-third or the \$30 disregard in paragraph (a)(11)(ii)(B) applied to his or her earned income. At State option, an additional period of Medicaid coverage for up to six months may be provided when the assistance unit would be eligible during such additional period to receive AFDC if the \$30 and one-third or the \$30 disregards were applied to the assistance unit's earned income.

(15) For Medicaid eligibility only, pursuant to section 406(h) of the Act:

(i) Each dependent child and each relative with whom such a child is living (including the eligible spouse of such relative pursuant to section 237.50(b) of this chapter) who becomes ineligible for AFDC wholly or partly because of the initiation of or an increase in the

§ 233.20

45 CFR Ch. II (10–1–11 Edition)

amount of a child or spousal support collection under title IV-D will be deemed to be receiving AFDC, but only for purposes of this paragraph (a)(15), for a period of four consecutive calendar months beginning with the first month of AFDC ineligibility. To be eligible for extended Medicaid coverage pursuant to this paragraph (a)(15), each dependent child and relative must meet the following conditions:

(A) The individual must have become ineligible for AFDC on or after August 16, 1984; and

(B) The individual must have received AFDC in at least three of the six months immediately preceding the month in which the individual becomes ineligible for AFDC; and

(C) The individual must have become ineligible for AFDC wholly or partly as a result of the initiation of or an increase in the amount of a child or spousal support collection under title IV-D.

(ii)(A) Except as provided in paragraph (a)(15)(ii)(B) of this section, individuals who are eligible for extended Medicaid lose this coverage if they move to another State during the 4-month period. However, if they move back to and reestablish residence in the State in which they have extended coverage, they are eligible for any of the months remaining in the 4-month period in which they are residents of the State.

(B) If a State has chosen in its State plan to provide Medicaid to non-residents, the State may continue to provide the 4-month extended benefits to individuals who have moved to another State.

(iii) For purposes of paragraph (i) of this section:

(A) The new collection or increased collection of child or spousal support results in the termination of AFDC eligibility when it actively causes or contributes to the termination. This occurs when:

(1) The change in support collection in and of itself is sufficient to cause ineligibility. This rule applies even if the support collection must be added to other, stable income. It also applies even if other independent factors, alone or in combination with each other,

might simultaneously cause ineligibility; or

(2) The change in support contributes to ineligibility but does not by itself cause ineligibility. Ineligibility must result when the change in support is combined with other changes in income or changes in other circumstances and the other changes in income or circumstances cannot alone or in combination result in termination without the change in support.

(B) In cases of increases in the amounts of both the support collections and earned income, eligibility under this section does not preclude eligibility under paragraph (a)(14) of this section or section 1925 of the Social Security Act (which was added by section 303(a) of the Family Support Act of 1988 (42 U.S.C. 139r-6)). Extended periods result from both an increase in the amount of the support collection and from an increase in earned income must run concurrently.

(b) *Federal financial participation; General.* (1) Federal participation will be available in financial assistance payments made on the basis that (after application of policies governing the allowable reserve, disregard or setting aside of income and resources), all income of the needy individual, together with the assistance payment, do not exceed the State's defined standard of assistance, and available resources of the needy individuals do not exceed the limits under the State plan.

(2) Federal participation is available within the maximums specified in the Federal law, when the payments do not exceed the amount determined to be needed under the statewide standard, and are made in accordance with the State method for determining the amount of the payments, as specified in § 233.31 for AFDC and in §§ 233.24 and 233.25 for OAA, AB, APTD, and AABD.

(3) Federal participation is available in financial assistance payments made on the basis of the need of the individual. This basis may include consideration of needy persons living in the same home with the recipient when such other persons are within the State's policy as essential to his well-being. Persons living in the home who are "essential to the well-being of the recipient," as specified in the State

Office of Family Assistance, ACF, HHS

§ 233.21

plan, will govern as the basis for Federal participation (see Guides and Recommendations). When the State includes persons living outside the home or persons not in need, Federal participation is not available for that portion of financial assistance payments attributable to such persons, and the State's claims must, therefore, identify the amounts of any such nonmatchable payments.

(4) For all assistance programs except AFDC, Federal participation is available for supplemental payments in the retrospective budgeting system.

(c) *Federal financial participation in vendor payments for home repairs.* With respect to expenditures made after December 31, 1967, expenditures to a maximum of \$500 are subject to Federal financial participation at 50 percent for repairing the home owned by an individual who is receiving aid or assistance (other than Medical Assistance for the Aged) under a State plan for OAA, AFDC, AB, APTD, or AABD if:

(1) Prior to making the expenditures the agency determined that: (i) The home is so defective that continued occupancy is unwarranted; (ii) unless repairs are made the recipient would need to move to rental quarters; and (iii) the rental cost of quarters for the recipient (including the spouse living with him in such home and any other individual whose needs were considered in determining the recipient's need) would exceed (over a period of 2 years) the repair costs needed to make such home habitable together with other costs attributable to continued occupancy of such home.

(2) No expenditures for repair of such home were made previously pursuant to a determination as described in paragraph (c)(1) of this section. This does not preclude more than one payment made at the time repairs are made pursuant to the determination, e.g., separate payments to the roofer, the electrician, and the plumber.

(3) Expenditures for home repairs are authorized in writing by a responsible agency person, records show the eligible person in whose behalf the home repair expenditure was made, and there is sufficient evidence that the home repair was performed.

EFFECTIVE DATE NOTE: At 47 FR 5678, Feb. 5, 1982, in §233.20, paragraph (a)(13)(v) was added. The amendment contains information collection and recordkeeping requirements and will not become effective until approval has been given by the Office of Management and Budget.

§ 233.21 Budgeting methods for OAA, AB, APTD, and AABD.

(a) *Requirements for State plans.* A State plan for OAA, AB, APTD, and AABD shall specify if assistance payments shall be computed using a prospective budgeting system or a retrospective budgeting system. A State electing retrospective budgeting shall specify which options it selects and the State plan shall state that it shall meet the requirements in §§233.21 through 233.29. Budgeting methods for AFDC are described in §§233.31 through 233.37.

(b) *Definitions.* The following definitions apply to §§233.21 through 233.29:

(1) *Prospective budgeting* means that the agency shall compute the amount of assistance for a payment month based on its best estimate of income and circumstances which will exist in that month. This estimate shall be based on the agency's reasonable expectation and knowledge of current, past or future circumstances.

(2) *Retrospective budgeting* means that the agency shall compute the amount of assistance for a payment month based on actual income or circumstances which existed in a previous month, the "budget month".

(3) *Budget month* means the fiscal or calendar month from which the agency shall use income or circumstances of the family to compute the amount of assistance.

(4) *Payment month* means the fiscal or calendar month for which an agency shall pay assistance. Payment is based upon income or circumstances in the budget month. In prospective budgeting, the budget month and the payment month are the same. In retrospective budgeting, the payment month follows the budget month and the payment month shall begin within

§ 233.22

32 days after the end of the budget month.

(5) *Make an assistance payment.* In the context of retrospective budgeting, to make an assistance payment means that the check shall be deposited in the U.S. mail, hand delivered to the recipient, or deposited with an intermediary organization, such as a bank.

(6) *Supplemental payment.* In the context of retrospective budgeting, a supplemental payment is a payment which maintains a family during the time it takes for the monthly assistance payment to reflect a change in circumstances or income.

[44 FR 26082, May 4, 1979, as amended at 47 FR 5678, Feb. 5, 1982]

§ 233.22 Determining eligibility under prospective budgeting.

In States which compute the amount of the assistance payment prospectively, the State plan shall provide that the State shall also determine all factors of eligibility prospectively. Thus, the State agency shall establish eligibility based on its best estimate of income and circumstances which will exist in the month for which the assistance payment is made.

[44 FR 26082, May 4, 1979]

§ 233.23 When assistance shall be paid under retrospective budgeting.

(a) A State which uses retrospective budgeting shall specify in its plan that it will make assistance payments within the following time limits to recipients who file a completed report on time, and to those who are not required to file a report. A State shall choose one of two time periods for making assistance payments. The State plan shall provide that payment must be made:

(1) Within 25 days from the close of the budget month; or

(2) Between 25 and 45 days from the close of the budget month.

(b)(1) Where a State makes payments between 25 and 45 days from the close of the budget month, the State plan shall provide that the State will make supplemental payments as provided in § 233.27.

(2) If a State makes payments within 25 days from the close of the budget

45 CFR Ch. II (10–1–11 Edition)

month, and also makes supplemental payments as provided in § 233.27, the State plan shall so specify.

(c) In States which issue two checks for each payment month, these time periods apply to the first check.

[44 FR 26083, May 4, 1979]

§ 233.24 Retrospective budgeting; determining eligibility and computing the assistance payment in the initial one or two months.

(a) States which make assistance payments within 25 days of the close of the budget month shall determine eligibility and compute the amount of the payment for all recipients prospectively for the initial month of assistance. These States may choose to determine eligibility and compute the payment prospectively for the second month, also.

(b) States which make assistance payments between 25 and 45 days from the close of the budget month shall determine eligibility and compute the amount of the payment prospectively for the initial two months of assistance.

(c) When a person who previously received assistance reapplies during the same month in which a termination became effective, eligibility shall be determined according to paragraph (a) or (b) of this section. However, the amount of the assistance payment for the month of the reapplication shall be computed retrospectively.

[44 FR 26083, May 4, 1979]

§ 233.25 Retrospective budgeting; computing the assistance payment after the initial one or two months.

The State plan shall provide:

(a) After the initial one or two payment months of assistance under § 233.24, the amount of each subsequent month's payment shall be computed retrospectively, i.e., shall be based on earned and unearned income received in the corresponding budget month.

(b) In these subsequent months, other factors of need which affect the amount of the assistance payment may also be based on circumstances in the corresponding budget month, or they may be based on circumstances in the payment month.

(c) For the first month in which retrospective budgeting is used, a State shall not consider income received by the recipient before the date of application. When a person reapplies during the same month in which a termination became effective, the State may consider income received before the date of application.

[44 FR 26083, May 4, 1979]

§ 233.26 Retrospective budgeting; determining eligibility after the initial one or two months.

(a) Under retrospective budgeting, there are three options for determining eligibility. The State plan shall specify that eligibility, following the initial one or two months under § 233.24, shall be determined by one of the following methods:

(1) A State may consider all factors, including income retrospectively, i.e., only from the budget month. For example, if a change in circumstances occurs which affects eligibility, e.g., deprivation ceases, the change may be reported at the end of the budget month and assistance shall be terminated for the corresponding payment month. Thus, even if the agency could have terminated assistance earlier than the corresponding payment month, it shall not do so under retrospective determination of eligibility.

(2) A State may consider all factors, including income, prospectively. For example, if deprivation ceases, and the family becomes ineligible, the agency shall immediately take steps to terminate assistance.

(3) A State may use a combination of the options in paragraphs (a) and (b) of this section by considering factors related to earned and unearned income retrospectively and all other factors prospectively. For example, if a change in income makes the family ineligible, the agency shall wait until the corresponding payment month to terminate assistance. On the other hand, if a change of circumstances other than income makes the family ineligible, the agency shall immediately take steps to terminate assistance.

[44 FR 26083, May 4, 1979; 44 FR 29065, May 18, 1979, as amended at 47 FR 47828, Oct. 28, 1982]

§ 233.27 Supplemental payments under retrospective budgeting.

(a) *General requirements.* A State plan which provides for payments between 25 and 45 days from the close of a budget month, shall provide for supplemental payments to eligible recipients who request them. A State plan which provides for payments within 25 days may provide for supplemental payments:

(1) The supplemental payment shall be paid for the month in which it was requested.

(2) The recipient family is eligible for a supplemental payment if its income for the month is less than 80 percent of the amount the State would pay for a similar family with no income. However, this percentage of the amount the State would pay for a similar family with no income may be set between 80 and 100 percent, as specified in the State plan. The supplemental payment equals the difference between the family's income in the payment month and that percentage.

(3) Supplemental payments shall be issued within 5 working days of request.

(b) *How income is treated.* For purposes of supplemental payments, income includes that month's assistance payment and any income received or expected to be received by the recipient, but does not include work-related expenses.

(1) The amount used for the assistance payment shall be the monthly assistance payment without regard to any recoupments made for prior overpayments or adjustments for prior underpayments.

(2) The agency may include as income cash in hand or available in bank accounts. It may also include as income any cash disregarded in determining need or the amount of the assistance payment, but not cash payments that are disregarded by § 233.20(a)(4)(ii), paragraphs (c) on relocation assistance, (d) on educational grants or loans and (g) on payments for certain services.

[44 FR 26083, May 4, 1979, as amended at 51 FR 9205, Mar. 18, 1986]

§ 233.28

§ 233.28 Monthly reporting.

(a) State plans specifying retrospective budgeting shall require that recipients with earned income, other than income from self-employment, report that income to the agency monthly. The State may require recipients with unearned income, no income, or income from self-employment to report monthly. The agency shall provide a form for this purpose, which:

(1) Is written in clear simple language;

(2) Specifies the date by which the agency must receive the form and the consequences of a late or incomplete form, including whether the agency will delay or withhold payment if the form is not returned by the specified date;

(3) Identifies an individual or agency unit the recipient should contact to receive prompt answers to questions about information requested on the form, and provides a telephone number for this purpose;

(4) Includes a statement, to be signed by the recipient, that he or she understands that the information he or she provides may result in changes in assistance, including reduction or termination;

(5) Advises the recipient if supplemental payments are available and the proper procedures for initiating a request; and

(6) Advises the recipient of his or her right to a fair hearing on any decrease or termination of assistance or denial of a supplemental payment.

(b) The agency shall specify the date by which it must receive the monthly report. This date shall be at least 5 days from the end of the budget month and shall also allow the recipient at least 5 days to complete the report.

(c) The agency may consider a monthly report incomplete only if it is unsigned or omits information necessary to determine eligibility or compute the payment amount.

(d) The agency shall provide a stamped, self-addressed envelope for returning the monthly report.

(e) The agency shall make special provisions for persons who are illiterate or have other handicaps so that

45 CFR Ch. II (10–1–11 Edition)

they cannot complete a monthly report form.

[44 FR 26083, May 4, 1979]

§ 233.29 How monthly reports are treated and what notices are required.

(a) *What happens if a completed monthly report is received on time.* When the agency receives a completed monthly report by the date specified in § 233.28 it shall process the payment. The agency shall notify the recipient of any changes from the prior payment and the basis for its determinations. This notice must meet the requirements of § 205.10(a)(4)(i)(B) of this chapter on adequate notice if the payment is being reduced or assistance is being terminated. This notice must be received by the recipient no later than his or her resulting payment or in lieu of the payment.

(b) *What happens if the completed monthly report is received before the extension deadline.* (1) If the completed monthly report is not received by the date specified in § 233.28, the agency shall send a notice to the recipient. This notice shall inform him or her that the monthly report is overdue or is not complete and that he or she has at least 10 additional days to file. It must inform the recipient that termination may result if that is the agency's policy, if the report is not filed within the extension period. This notice must reach the recipient at least 10 days before the expected payment. However, in States in which the date specified in § 233.28 is within 10 days of the expected payment date, the notice must reach the recipient on or before the expected payment date.

(2) When the report is received within the extension period, the agency may delay payment to the recipient, as follows:

(i) In a State that pays within 25 days of the budget month the payment may be delayed 10 days;

(ii) In a State that pays within 25 to 45 days of the budget month, the payment may not be delayed beyond the 45th day.

(c) *What happens if a monthly report is not received by the end of the extension period.* An agency may terminate assistance if it has not received a report

or has received an incomplete report, and the 10 day extension period has expired. If the State decides to terminate assistance, it must send the recipient a notice which meets the requirements of § 205.10(a)(4)(i)(B) on adequate notice.

(d) *How a recipient may delay an adverse action based on a monthly report.* If a recipient's assistance is reduced or terminated based on information in the monthly report, and he or she requests a fair hearing within 10 days, the assistance payment shall be reinstated immediately at the previous month's level pending the hearing decision. The payment shall be made effective from the date assistance was reduced or terminated.

[44 FR 26084, May 4, 1979]

§ 233.31 Budgeting methods for AFDC.

(a) *Requirements for State plans.* A State plan for AFDC shall specify that all factors of eligibility shall be determined prospectively and the amount of the assistance for any month for all assistance units required to file a monthly report for the month designated as the budget month under the State's retrospective budgeting procedures shall be determined using retrospective budgeting as provided in §§ 233.31-233.37 except as provided in § 233.34. The State plan shall specify whether the State uses prospective or retrospective budgeting to determine the amount of the assistance payments for recipients not required to report monthly. Budgeting methods for OAA, AB, APTD, and AABD are described in §§ 233.21-233.29.

(b) *Definitions.* The following definitions apply to §§ 233.31 through 233.37:

(1) *Prospective budgeting* means that the agency shall determine eligibility (and compute the amount of assistance for the first one or two months) based on its best estimate of income and circumstances which will exist in that month. This estimate shall be based on the agency's reasonable expectation and knowledge of current, past or future circumstances.

(2) *Retrospective budgeting* means that the agency shall compute the amount of assistance for a payment month based on actual income or circumstances which existed in a previous month, the "budget month."

(3) *Budget month* means the fiscal or calendar month from which the agency shall use income or circumstances of the family to compute the amount of assistance.

(4) *Payment month* means the fiscal or calendar month for which an agency shall pay assistance. Payment is based upon income or circumstances in the budget month. In prospective budgeting, the budget month and the payment month are the same. In retrospective budgeting, the payment month follows the budget month.

(5) *Recent work history* means the individual received earned income in any one of the two months prior to the budget month.

[47 FR 5678, Feb. 5, 1982, as amended at 49 FR 35602, Sept. 10, 1984; 57 FR 30160, July 8, 1992]

§ 233.32 Payment and budget months (AFDC).

A State shall specify in its plan for AFDC the time period covered by the payment (payment month) and the time period used to determine that payment (budget month) and whether it adopts (a) a one-month or two-month retrospective system; and (b) a one-month or two-month prospective system for the initial payment months. If a State elects to have a two-month retrospective system it must also elect a two-month prospective system.

[47 FR 5678, Feb. 5, 1982]

§ 233.33 Determining eligibility prospectively for all payment months (AFDC).

(a) The State plan for AFDC shall provide that the State shall determine all factors of eligibility prospectively for all payment months. Thus, the State agency shall establish eligibility based on its best estimate of income and circumstances which will exist in the month for which the assistance payment is made.

(b) When a IV-A agency receives an official report of a child support collection it shall consider that information as provided in § 232.20(a) of this chapter. (§ 232.20(a) explains the treatment of child support collections.)

[47 FR 5678, Feb. 5, 1982]

§ 233.34

§ 233.34 Computing the assistance payment in the initial one or two months (AFDC).

A State shall compute the amount of the AFDC payment for the initial month of eligibility:

(a) Prospectively (except as in paragraphs (b) and (c) of this section); or

(b) Retrospectively if the applicant received assistance (or would have except for the prohibition on payments of less than \$10) for the immediately preceding payment month (except where the State pays the second month after application prospectively); or

(c) Retrospectively if:

(1) Assistance had been suspended as defined in paragraph (d) of this section; and

(2) The initial month follows the month of suspension; and

(3) The family's circumstances for the initial month had not changed significantly from those reported in the corresponding budget month, e.g., loss of job.

(d) A State may suspend, rather than terminate, assistance when:

(1) The agency has knowledge of, or reason to believe that ineligibility would be only for one payment month; and

(2) Ineligibility for that one payment month was caused by income or other circumstances in the corresponding budget month.

(e) If the initial month is computed prospectively as in paragraph (a) of this section, the second month shall be prospective if the State elects a 2-month retrospective budgeting system.

[47 FR 5679, Feb. 5, 1982]

§ 233.35 Computing the assistance payment under retrospective budgeting after the initial one or two months (AFDC).

The State plan for AFDC shall provide:

(a) After the initial one or two payment months of assistance under § 233.34, the amount of each subsequent month's payment shall be computed retrospectively, i.e., shall be based on income and other relevant circumstances in the corresponding budget month except as provided in § 233.20(a)(3)(iii). In any month for which an individual will be determined

45 CFR Ch. II (10–1–11 Edition)

eligible prospectively and will be added to an existing AFDC assistance unit, the State must meet the individual's needs to the same extent it would if the individual were an applicant for AFDC.

(b) Except as provided in § 233.34(b), for the first and second payment month for which retrospective budgeting is used, the State shall not count income from the budget month already considered for any payment month determined prospectively which is not of a continuous nature.

[47 FR 5679, Feb. 5, 1982]

§ 233.36 Monthly reporting (AFDC).

(a) Except as provided in paragraph (b) of this section, a State plan for AFDC shall require the caretaker relative, or another person designated by the State, to submit, on behalf of each assistance unit whose members have earned income or recent work history, each assistance unit which has income deemed to it from individuals living with the unit who have earned income or a recent work history and, at State option, other assistance units, a completed report form to the agency monthly on:

(1) Budget month income, family composition, and other circumstances relevant to the amount of the assistance payment; and

(2) Any changes in income, resources, or other relevant circumstances affecting continued eligibility which the assistance unit expects to occur in the current month or in future months.

(3) The income of a parent or a legal guardian of a minor parent, a step-parent, or an alien sponsor, as well as the resources of an alien sponsor, where appropriate.

(b) A State may exempt categories of recipients otherwise required to report monthly from reporting each month with prior approval by the Secretary if the State can demonstrate that not requiring these cases to file monthly reports is cost effective. The Secretary will grant waivers under this provision for a period up to one year, at the end of which time the State may request an extension of the waiver. A decision by the Secretary not to approve a request for an exemption is not appealable. The plan shall include criteria for

assuring (1) that exempted cases are unlikely to incur changes in circumstances from month to month which would impact their eligibility or amount of assistance and (2) that the administrative cost of requiring those categories to report monthly will be greater than the program savings which would accrue.

(c) States shall also direct recipients to report information as defined in paragraph (a)(2) of this section to the agency as they become aware of expected changes rather than waiting to inform the State on the monthly report.

[47 FR 5679, Feb. 5, 1982 as amended at 49 FR 35602, Sept. 10, 1984; 57 FR 30160, July 8, 1992]

§ 233.37 How monthly reports are treated and what notices are required (AFDC).

(a) *What happens if a completed monthly report is received on time.* When the agency receives a completed monthly report as specified in § 233.36, and if all eligibility conditions are met, it shall process the payment. The agency shall notify the recipient of any changes from the prior payment and the basis for its determinations. This notice must meet the requirements of § 205.10(a)(4)(i)(B) of this chapter on adequate notice if the payment is being reduced or assistance is terminated as a result of information provided in the monthly report. The notice must be mailed to arrive no later than the resulting payment or in lieu of the payment. A recipient has 10 days from the date of the notice to request a hearing in order to receive reinstatement.

(b) *What happens if a completed monthly report is not received by the agency.* An agency may terminate assistance if it has received no report or has received only an incomplete report as defined by the State. In this case, the agency must send the recipient a notice meeting the requirements of § 205.10(a)(4)(i)(B) to arrive not later than the date it would have made payment if the agency had received a completed monthly report on time. If the recipient notifies the agency and files a completed report within 10 days of the date of this notice, the agency must accept the replacement form and make a payment based on the information on

the form if the information indicates that the person is still eligible (without the applicable earned income disregards if the State agency determines no good cause exists for failing to file a timely report of earnings). If the recipient is found ineligible or eligible for an amount less than the prior month's payment, the State must promptly notify the recipient of his or her right to a fair hearing and his or her right to have assistance reinstated. A recipient has 10 days from the date of the notice to request a hearing in order to receive reinstatement.

(c) *What happens if a completed monthly report is received but is not timely.* States must specify in their plans a definition of timeliness related to the filing of a monthly report and the number of days an individual has to report changes in earnings which impact eligibility. States must inform recipients what constitutes timeliness and that no disregard of earnings as described in § 233.20(a)(11) (i) and (ii)(B) (\$30 and one-third, child care, and work expenses) will be applied to any earnings which are not reported in a timely manner without good cause. The State must provide recipients an opportunity to show good cause for not filing a timely report of earnings. If the State finds good cause, then applicable earned income disregards will be applied in determining payment. If the State does not find good cause, then applicable earned income disregards will not be applied. If the recipient is found ineligible or eligible for an amount less than the prior month's payment, the State must promptly notify the recipient of his or her right to a fair hearing and his or her right to have assistance reinstated. A recipient has 10 days from the date of the notice to request a hearing in order to receive reinstatement.

[47 FR 5679, Feb. 5, 1982]

§ 233.38 Waiver of monthly reporting and retrospective budgeting requirements; AFDC.

(a) States may request waivers of the requirements at §§ 233.31–233.37 to promote compatibility with monthly reporting and budgeting requirements of the Food Stamp Act of 1977 as amended.

§ 233.39

(b) The Secretary will not approve requests for waivers unless the information documenting the need for the waiver shows that the waiver would simplify administration of both programs and would not result in a net cost to the Federal government. Approvals for waivers will be for periods up to one year, after which time the State may request an extension of the waiver.

(c) Any decision by the Secretary not to approve a request for a waiver is not appealable.

[49 FR 35602, Sept. 10, 1984]

§ 233.39 Age.

(a) *Condition for plan approval.* A State plan under title I or XVI of the Social Security Act may not impose any age requirement of more than 65 years.

(b) *Federal financial participation.* (1) Federal financial participation is available in financial assistance provided to otherwise eligible persons who were, for any portion of the month for which assistance is paid:

(i) In OAA or AABD with respect to the aged, 65 years of age or over;

(ii) In AFDC, under 18 years of age; or age 18 if a full-time student in a secondary school, or in the equivalent level of vocational or technical training, and reasonably expected to complete the program before reaching age 19.

(iii) In AB or AABD with respect to the blind, any age;

(iv) In APTD or AABD with respect to the disabled, 18 years of age or older.

(2) Federal determination of whether an individual meets the age requirements of the Social Security Act will be made according to the common-law method (under which a specific age is attained the day before the anniversary of birth), unless the State plan specifies that the popular usage method (under which an age is attained on the anniversary of birth), is used.

(3) The State agency may adopt an arbitrary date such as July 1 as the point from which age will be computed in all instances where the month of an

45 CFR Ch. II (10–1–11 Edition)

individual's birth is not available, but the year can be established.

[36 FR 3866, Feb. 27, 1971. Redesignated and amended at 47 FR 5678, Feb. 5, 1982]

§ 233.40 Residence.

(a) *Condition for plan approval.* A State plan under title I, IV-A, X, XIV, or XVI of the Social Security Act may not impose any residence requirement which excludes any individual who is a resident of the State except as provided in paragraph (b) of this section. For purposes of this section:

(1) A resident of a State is one: (i) Who is living in the State voluntarily with the intention of making his or her home there and not for a temporary purpose. A child is a resident of the State in which he or she is living other than on a temporary basis. Residence may not depend upon the reason for which the individual entered the State, except insofar as it may bear upon whether the individual is there voluntarily or for a temporary purpose; or

(ii) Who, is living in the State, is not receiving assistance from another State, and entered the State with a job commitment or seeking employment in the State (whether or not currently employed). Under this definition, the child is a resident of the State in which the caretaker is a resident.

(2) Residence is retained until abandoned. Temporary absence from the State, with subsequent returns to the State, or intent to return when the purposes of the absence have been accomplished, does not interrupt continuity of residence.

(b) *Exception.* A State plan under title I, X, XIV, or XVI need not include an individual who has been absent from the State for a period in excess of 90 consecutive days (regardless of whether the individual has maintained his or her residence in the State during this period) until he or she has been present in the State for a period of 30 consecutive days (or a shorter period specified by the State) in the case of such individual who has maintained residence in the State during such period of absence or for a period of 90 consecutive days (or a shorter period as specified by the State) in the case of any other such individual. An individual thus excluded

Office of Family Assistance, ACF, HHS

§ 233.51

under any such plan may not, as a consequence of that exclusion, be excluded from assistance under the State's title XIX plan if otherwise eligible under the title XIX plan (see 42 CFR 436.403).

§ 233.50 Citizenship and alienage.

A State plan under title I (OAA); title IV-A (AFDC); title X (AB); title XIV (APTD); and title XVI (AABD-disabled) of the Social Security Act shall provide that an otherwise eligible individual, dependent child, or a caretaker relative or any other person whose needs are considered in determining the need of the child or relative claiming aid, must be either:

(a) A citizen, or

(b) An alien lawfully admitted for permanent residence or otherwise permanently residing in the United States under color of law, including certain aliens lawfully present in the United States as a result of the application of the following provisions of the Immigration and Nationality Act:

(1) Section 207(c), in effect after March 31, 1980—Aliens Admitted as Refugees.

(2) Section 203(a)(7), in effect prior to April 1, 1980—Individuals who were Granted Status as Conditional Entrant Refugees.

(3) Section 208—Aliens Granted Political Asylum by the Attorney General.

(4) Section 212(d)(5)—Aliens Granted Temporary Parole Status by the Attorney General, or

(c) An alien granted lawful temporary resident status pursuant to section 201, 302, or 303 of the Immigration Reform and Control Act of 1986 (Pub. L. 99-603) who must be either:

(1) A Cuban and Haitian entrant as defined in paragraph (1) or (2)(A) of section 501(e) of Pub. L. 96-422, as in effect on April 1, 1983, or

(2) An adult assistance applicant for OAA, AB, APTD, or AABD, or

(3) An applicant for AFDC who is not a Cuban and Haitian applicant under paragraph (c)(1) of this section who was adjusted to lawful temporary resident status more than five years prior to application.

All other aliens granted lawful temporary or permanent resident status, pursuant to sections 201, 302, or 303 of

the Immigration Reform and Control Act of 1986, are disqualified for five years from the date lawful temporary resident status is granted.

§ 233.51 Eligibility of sponsored aliens.

Definition: *Sponsor* is any person who, or any public or private agency or organization that, executed an affidavit(s) of support or similar agreement on behalf of an alien (who is not the child of the sponsor or the sponsor's spouse) as a condition of the alien's entry into the United States. Paragraphs (a) through (d) of this section apply only to aliens who are sponsored by individuals and who filed applications for the first time after September 30, 1981. Paragraphs (e) and (f) apply only to aliens sponsored by public or private agencies or organizations with respect to periods after October 1, 1984. A State plan under title IV-A of the Act shall provide that:

(a) For a period of three years following entry for permanent residence into the United States, a sponsored alien who is not exempt under paragraph (g) of this section, shall provide the State agency with any information and documentation necessary to determine the income and resources of the sponsor and the sponsor's spouse (if applicable and if living with the sponsor) that can be deemed available to the alien, and obtain any cooperation necessary from the sponsor.

(b) The income and resources of a sponsor and the sponsor's spouse shall be deemed to be the unearned income and resources of an alien for three years following the alien's entry into the United States:

(1) Monthly income deemed available to the alien from the sponsor and the sponsor's spouse not receiving AFDC or SSI shall be:

(i) The total monthly unearned and earned income of the sponsor and sponsor's spouse reduced by 20 percent (not to exceed \$175) of the total of any amounts received by them in the month as wages or salary or as net earnings from self-employment.

(ii) The amount described in paragraph (b)(1)(i) of this section reduced by:

(A) The cash needs standard under the plan in the alien's State of residence for a family of the same size and composition as the sponsor and those other people living in the same household as the sponsor who are or could be claimed by the sponsor as dependents to determine his or her Federal personal income tax liability but whose needs are not taken into account in making a determination under § 233.20 of this chapter;

(B) Any amounts actually paid by the sponsor or sponsor's spouse to people not living in the household who are or could be claimed by them as dependents to determine their Federal personal income tax liability; and

(C) Actual payments of alimony or child support, with respect to individuals not living in the household.

(2) Monthly resources deemed available to the alien from the sponsor and sponsor's spouse shall be the total amount of their resources determined as if they were applying for AFDC in the alien's State of residence, less \$1500.

(c) In any case where a person is the sponsor of two or more aliens, the income and resources of the sponsor and sponsor's spouse, to the extent they would be deemed the income and resources of any one of the aliens under the provisions of this section, shall be divided equally among the sponsored aliens.

(d) Income and resources which are deemed to a sponsored alien shall not be considered in determining the need of other unsponsored members of the alien's family except to the extent the income or resources are actually available.

(e) For a period of three years following entry for permanent residence into the United States, any alien who is not exempt under paragraph (g) of this section and has been sponsored by a public or private agency or organization, shall be ineligible for assistance unless the State agency determines (in accordance with paragraph (f)) that the sponsor no longer exists or has become unable to meet the alien's needs.

(f) The State plan shall set forth the criteria the State agency will use in determining whether an agency or organization no longer exists or is unable to meet the alien's needs and the documentation the agency will require of the alien in making such determination. The sponsored alien shall provide the State agency with any information and documentation necessary for such determination and obtain any cooperation necessary from the sponsor.

(g) The provisions of this section shall not apply to any alien who is:

(1) Admitted as a conditional entrant refugee to the United States as a result of the application, of the provisions of section 203(a)(7) (in effect prior to April 1, 1980) of the Immigration and Nationality Act;

(2) Admitted as a refugee to the United States as a result of the application of the provisions of section 207(c) (in effect after March 31, 1980) of the Immigration and Nationality Act;

(3) Paroled into the United States as a refugee under section 212(d)(5) of the Immigration and Nationality Act;

(4) Granted political asylum by the Attorney General under section 208 of the Immigration and Nationality Act;

(5) A Cuban or Haitian entrant, as defined in section 501(e) of the Refugee Education Assistance Act of 1980 (Pub. L. 96-422); or

(6) The dependent child of the sponsor or sponsor's spouse.

(h) The Secretary shall make information necessary to make a determination under this section and supplied under agreement with the Secretary of State and the Attorney General, available upon request to a concerned State Agency.

[47 FR 5680, Feb. 5, 1982; 47 FR 43383, Oct. 1, 1982; 47 FR 47828, Oct. 28, 1982; 49 FR 35602, Sept. 10, 1984; 57 FR 30160, July 8, 1992]

§ 233.52 Overpayment to aliens.

A State Plan under title IV-A of the Social Security Act, shall provide that:

(a) Any sponsor of an alien and the alien shall be jointly and severally liable for any overpayment of aid under the State plan made to the alien during the three years after the alien's entry into the United States due to the sponsor's failure to provide correct information under the provisions of § 233.51,

except as provided in paragraph (b) of this section.

(b) When a sponsor is found to have good cause or to be without fault (as defined in the State plan) for not providing information to the agency, the sponsor will not be held liable for the overpayment and recovery will not be made from this sponsor.

(c) An overpayment for which the alien or the sponsor and the alien are liable (as described in paragraphs (a) and (b) of this section) shall be repaid to the State or recovered in accordance with § 233.20(a)(13). If the agency is unable to recover the overpayment through this method, funds to reimburse the agency for the overpayment shall be withheld from future payments to which the alien or the alien and the individual sponsor are entitled under:

(1) Any State administered or supervised program established by the Social Security Act, or

(2) Any federally administered cash benefit program established by the Social Security Act.

§ 233.53 Support and maintenance assistance (including home energy assistance) in AFDC.

(a) *General.* At State option, certain support and maintenance assistance (including home energy assistance) may be excluded from income and resources.

(b) *Definitions.* The following definitions are limited to the support and maintenance assistance provisions of this section.

Appropriate State agency means the agency designated by the chief executive officer of the State to handle the State's responsibilities with respect to support and maintenance assistance under paragraph (c) of this section.

Based on need means that the assistance is given to or on behalf of an applicant or recipient for the purpose of support and maintenance (including home energy) and meets the criteria established by the State for determining the need for such assistance.

In kind assistance means assistance furnished in any form except direct cash payments to an applicant or recipient or direct payments to an appli-

cant or recipient through other financial instruments which are convertible to cash.

Private, nonprofit organization means a religious, charitable, educational, or other organization such as described in section 501(c) of the Internal Revenue Code of 1954. (Actual tax exempt certification by IRS is not necessary).

Rate-of-return entity means an entity whose revenues are primarily received from the entity's charges to the public for goods or services, and such charges are based on rates regulated by a State or Federal governmental body.

Support and maintenance assistance means any assistance designed to meet the expenses of day to day living. Support and maintenance assistance includes home energy assistance. Home energy assistance means any assistance related to meeting the cost of heating or cooling a home. Home energy assistance includes such items as payments for utility service or bulk fuels; assistance in kind such as portable heaters, fans, blankets, storm doors, or other items which help reduce the costs of heating and cooling such as conservation or weatherization materials and services; etc.

(c) *Requirements for State Plans.* If a State elects to exclude from income and resources support and maintenance assistance, the State plan for AFDC must as specified below:

(1) Provide that an appropriate State agency will certify that support and maintenance assistance is based on need (as defined in paragraph (b) of this section), and that such certification will be accepted for purposes of determining eligibility for and the amount of payments under the AFDC program.

(2) Provide that in joint AFDC/SSI households, support and maintenance assistance furnished to the household which is not excluded under this paragraph will be prorated on a reasonable basis to determine the amount provided to the AFDC assistance unit. The State plan must describe the method that will be used to prorate the assistance in these circumstances.

(3) Provide that the types and amount of support and maintenance assistance that are excluded when received by an AFDC applicant or recipient will also be excluded in determining the income and resources of a parent, stepparent, spouse or alien sponsor whose income is considered available to an AFDC applicant or recipient.

(4) Provide that the State may exclude, from income and resources, support and maintenance assistance (as defined in paragraph (b) of this section) which the appropriate State agency certifies is based on need, if the assistance is furnished by:

(i) A supplier of home heating gas or oil, regardless of whether the assistance is in cash or in kind; or

(ii) A municipal utility providing home energy, regardless of whether the assistance is in cash or in kind; or

(iii) A rate-of-return entity which provides home energy, regardless of whether the assistance is in cash or in kind; or

(iv) A private nonprofit organization, but only if such assistance is in kind.

(5) Provide that, if the State elects to exclude from income and resources any support and maintenance assistance, the State plan must:

(i) Describe the criteria that will be used to determine the need for the assistance;

(ii) Identify the types and amounts of assistance which will be excluded; and

(iii) Provide that any limitations will be made on a reasonable basis.

§ 233.60 Institutional status.

(a) *Federal financial participation.* (1) Federal financial participation under title I, X, XIV, or XVI of the Social Security Act is not available in payments to or in behalf of any individual who is an inmate of a public institution except as a patient in a medical institution.

(2)(i) Federal financial participation under title X or XIV of the Social Security Act is not available in payments to or in behalf of any individual who is a patient in an institution for tuberculosis or mental diseases.

(ii) Federal financial participation under title XVI of the Social Security Act is not available in payments to or in behalf of any individual who has not attained 65 years of age and who is a patient in an institution for tuberculosis or mental diseases.

(3) For purposes of this paragraph:

(i) Federal financial participation is available in payments for the month in which an individual (if otherwise eligible) became an inmate of a public institution, or a patient in an institution for tuberculosis or mental diseases;

(ii) Whether an institution is one for tuberculosis or mental diseases will be determined by whether its overall character is that of a facility established and maintained primarily for the care and treatment of individuals with tuberculosis or mental diseases (whether or not it is licensed);

(iii) An institution for the mentally retarded is not an institution for mental diseases;

(iv) An individual on conditional release or convalescent leave from an institution for mental diseases is not considered to be a patient in such institution.

(b) *Definitions.* For purposes of Federal financial participation under paragraph (a) of this section:

(1) *Institution* means an establishment which furnishes (in single or multiple facilities) food and shelter to four or more persons unrelated to the proprietor, and in addition, provides some treatment or services which meet some need beyond the basic provision of food and shelter.

(2) *In an institution* refers to an individual who is admitted to participate in the living arrangements and to receive treatment or services provided there which are appropriate to his requirements.

(3) *Public institution* means an institution that is the responsibility of a governmental unit or over which a governmental unit exercises administrative control.

(4) *Inmate of a public institution* means a person who is living in a public institution. An individual is not considered an inmate when:

(i) He is in a public educational or vocational training institution, for purposes of securing education or vocational training, or

(ii) He is in a public institution for a temporary emergent period pending other arrangements appropriate to his needs.

(5) *Medical institution* means an institution which:

(i) Is organized to provide medical care, including nursing and convalescent care;

(ii) Has the necessary professional personnel, equipment, and facilities to manage the medical, nursing, and other health needs of patients on a continuing basis in accordance with accepted standards;

(iii) Is authorized under State law to provide medical care;

(iv) Is staffed by professional personnel who have clear and definite responsibility to the institution in the provision of professional medical and nursing services including adequate and continual medical care and supervision by a physician; sufficient registered nurse or licensed practical nurse supervision and services and nurse aid services to meet nursing care needs; and appropriate guidance by a physician(s) on the professional aspects of operating the facility.

(6) *Institution for tuberculosis* means an institution which is primarily engaged in providing diagnosis, treatment, or care of persons with tuberculosis, including medical attention, nursing care, and related services.

(7) *Institution for mental diseases* means an institution which is primarily engaged in providing diagnosis, treatment or care of persons with mental diseases, including medical attention, nursing care, and related services.

(8) *Patient* means an individual who is in need of and receiving professional services directed by a licensed practitioner of the healing arts toward maintenance, improvement, or protection of health, or alleviation of illness, disability, or pain.

[36 FR 3867, Feb. 27, 1971]

§ 233.70 Blindness.

(a) *State plan requirements.* A State plan under title X or XVI of the Social Security Act must:

(1) Contain a definition of blindness in terms of ophthalmic measurement. The following definition is recommended: An individual is considered blind if he has central visual acuity of 20/200 or less in the better eye with correcting glasses or a field defect in which the peripheral field has contracted to such an extent that the widest diameter of visual field subtends an angular distance of no greater than 20°.

(2) Provide, in any instance in which a determination is to be made whether an individual is blind or continues to be blind as defined under the State plan, that there will be an initial examination or re-examination performed by either a physician skilled in the diseases of the eye or by an optometrist, whichever the individual so selects.

(i) No examination is necessary when both eyes are missing.

(ii) Where an initial eye examination or re-examination is necessary, the physician or optometrist conducting such examination will submit to the State agency a report thereof, on such forms and in such manner, as may be prescribed for such purpose. A determination whether the individual meets the State's definition of blindness under the State plan will be based upon a review of such eye examination report as provided for in paragraph (a)(3) of this section, and other information or additional examination reports as the State deems necessary.

(3) Provide that each initial eye examination report and any subsequent re-examination report will be reviewed by a State reviewing physician skilled in the diseases of the eye (e.g., an ophthalmologist or an eye, ear, nose and throat specialist). Such physician is responsible for making the agency's decision that the applicant or recipient does or does not meet the State's definition of blindness, and for determining if and when reexaminations are necessary in periodic reviews of eligibility, as required in § 206.10(a)(9)(iii) of this chapter.

(b) *Federal financial participation—(1) Assistance payments.* Federal financial participation is available in assistance provided to or in behalf of any otherwise eligible person who is blind under

§ 233.80

the State's title X or XVI plan. Blindness may be considered as continuing until a determination by the reviewing physician establishes the fact that the recipient's vision has improved beyond the State's definition of blindness set forth under its State title of X or XVI plan.

(2) *Administrative expenses.* Federal financial participation is available in any expenditures incident to the eye examination necessary to determine whether an individual is blind.

§ 233.80 Disability.

(a) *State plan requirements.* A State plan under title XIV or XVI of the Social Security Act must:

(1) Contain a definition of permanently and totally disabled, showing that:

(i) "Permanently" is related to the duration of the impairment or combination of impairments; and

(ii) "Totally" is related to the degree of disability.

The following definition is recommended:

"Permanently and totally disabled" means that the individual has some permanent physical or mental impairment, disease, or loss, or combination thereof, this substantially precludes him from engaging in useful occupations within his competence, such as holding a job.

Under this definition:

"Permanently" refers to a condition which is not likely to improve or which will continue throughout the lifetime of the individual; it may be a condition which is not likely to respond to any known therapeutic procedures, or a condition which is likely to remain static or to become worse unless certain therapeutic measures are carried out, where treatment is unavailable, inadvisable, or is refused by the individual on a reasonable basis; "permanently" does not rule out the possibility of vocational rehabilitation or even possible recovery in light of future medical advances or changed prognosis; in this sense the term refers to a condition which continues indefinitely, as distinct from one which is temporary or transient;

"Totally" involves considerations in addition to those verified through the medical findings, such as age, training, skills, and work experience, and the probable functioning of the individual in his particular situation in light of his impairment; an individual's disability would usually be tested in relation to ability to engage in remunerative

45 CFR Ch. II (10-1-11 Edition)

employment; the ability to keep house or to care for others would be the appropriate test for (and only for) individuals, such as housewives, who were engaged in this occupation prior to the disability and do not have a history of gainful employment; eligibility may continue, even after a period of rehabilitation and readjustment, if the individual's work capacity is still very considerably limited (in comparison with that of a normal person) in terms of such factors as the speed with which he can work, the amount he can produce in a given period of time, and the number of hours he is able to work.

(2) Provide for the review of each medical report and social history by technically competent persons—not less than a physician and a social worker qualified by professional training and pertinent experience—acting cooperatively, who are responsible for the agency's decision that the applicant does or does not meet the State's definition of permanent and total disability. Under this requirement:

(i) The medical report must include a substantiated diagnosis, based either on existing medical evidence or upon current medical examination;

(ii) The social history must contain sufficient information to make it possible to relate the medical findings to the activities of the "useful occupation" and to determine whether the individual is totally disabled, and

(iii) The review physician is responsible for setting dates for reexamination; the review team is responsible for reviewing reexamination reports in conjunction with the social data to determine whether disabled recipients whose health condition may improve continue to meet the State's definition of permanent and total disability.

(3) Provide for cooperative arrangements with related programs, such as vocational rehabilitation services.

(b) *Federal financial participation—(1) Assistance payments.* Federal financial participation is available in payments to or in behalf of any otherwise eligible individual who is permanently and totally disabled. Permanent and total disability may be considered as continuing until the review team establishes the fact that the recipient's disability is no longer within the State's definition of permanent and total disability.

(2) *Administrative expenses.* Federal financial participation is available in any expenditures incident to the medical examinations necessary to determine whether an individual is permanently and totally disabled.

§ 233.90 Factors specific to AFDC.

(a) *State plan requirements.* A State plan under title IV-A of the Social Security Act shall provide that:

(1) The determination whether a child has been deprived of parental support or care by reason of the death, continued absence from the home, or physical or mental incapacity of a parent, or (if the State plan includes such cases) the unemployment of his or her parent who is the principal earner will be made only in relation to the child's natural or adoptive parent, or in relation to the child's stepparent who is married, under State law, to the child's natural or adoptive parent and is legally obligated to support the child under State law of general applicability which requires stepparents to support stepchildren to the same extent that natural or adoptive parents are required to support their children. Under this requirement, the inclusion in the family, or the presence in the home, of a "substitute parent" or "man-in-the-house" or any individual other than one described in this paragraph is not an acceptable basis for a finding of ineligibility or for assuming the availability of income by the State; and

(2) Where it has reason to believe that a child receiving aid is in an unsuitable environment because of known or suspected instances of physical or mental injury, sexual abuse or exploitation, or negligent treatment or maltreatment of such child, under circumstances which indicate the child's health or welfare is threatened, the State or local agency will:

(i) Bring such condition to the attention of a court, law-enforcement agency, or other appropriate agency in the State, providing whatever data it has with respect to the situation;

(ii) In reporting such conditions, use the same criteria as are used in the State for all other parents and children; and

(iii) Cooperate with the court or other agency in planning and implementing action in the best interest of the child.

(b) *Conditions for plan approval.* (1) A child may not be denied AFDC either initially or subsequently "because of the conditions of the home in which the child resides", or because the home is considered "unsuitable", unless "provision is otherwise made pursuant to a State statute for adequate care and assistance with respect to such child". (Section 404(b) of the Social Security Act.)

(2) An otherwise eligible child who is under the age of 18 years may not be denied AFDC, regardless of whether she attends school (unless she is required to participate in the JOBS program pursuant to §250.30 and she is assigned to educational activities) or makes satisfactory grades.

(3) A state may elect to include in its AFDC program children age 18 who are full-time students in a secondary school, or in the equivalent level of vocational or technical training, and who may reasonably be expected to complete the program before reaching age 19.

(4)(i) A child may not be denied AFDC either initially or subsequently because a parent or other caretaker relative fails to cooperate with the child support agency in performing any of the activities needed to:

(A) Establish the paternity of a child born out of wedlock; or

(B) Obtain support from a person having a legal duty to support the child.

(ii) Any parent or caretaker relative who fails to so cooperate shall be treated in accordance with §232.12 of this chapter.

(5) [Reserved]

(6) An otherwise eligible child may not be denied AFDC if a parent is mentally or physically incapacitated as defined in paragraph (c)(1)(iv) of this section.

(c) *Federal financial participation.* (1) Federal financial participation under title IV-A of the Social Security Act in payments with respect to a "dependent child," as defined in section 406(a) of the Act, is available within the following interpretations:

(i) *Needy child deprived by reason of.* The phrase “needy child * * * deprived * * * by reason of” requires that both need and deprivation of parental support or care exist in the individual case. The phrase encompasses the situation of any child who is in need and otherwise eligible, and whose parent—father or mother—either has died, has a physical or mental incapacity, or is continually absent from the home. This interpretation is equally applicable whether the parent was the chief bread winner or devoted himself or herself primarily to the care of the child, and whether or not the parents were married to each other. The determination whether a child has been deprived of parental support or care is made in relation to the child’s natural parent or, as appropriate, the adoptive parent or stepparent described in paragraph (a) of this section.

(ii) *Death of a parent.* If either parent of a child is deceased, the child is deprived of parental support or care, and may, if he is in need and otherwise eligible, be included within the scope of the program.

(iii) *Continued absence of the parent from the home.* Continued absence of the parent from the home constitutes the reason for deprivation of parental support or care when the parent is out of the home, the nature of the absence is such as either to interrupt or to terminate the parent’s functioning as a provider of maintenance, physical care, or guidance for the child, and the known or indefinite duration of the absence precludes counting on the parent’s performance of the function of planning for the present support or care of the child. If these conditions exist, the parent may be absent for any reason, and may have left only recently or some time previously; except that a parent whose absence is occasioned solely by reason of the performance of active duty in the uniformed services of the United States (as defined in section 101(3) of Title 37, United States code) is not considered absent from the home. A parent who is a convicted offender but is permitted to live at home while serving a court-imposed sentence by performing unpaid public work or unpaid community service during the

workday is considered absent from the home.

(iv) *“Physical or mental incapacity”.* “Physical or mental incapacity” of a parent shall be deemed to exist when one parent has a physical or mental defect, illness, or impairment. The incapacity shall be supported by competent medical testimony and must be of such a debilitating nature as to reduce substantially or eliminate the parent’s ability to support or care for the otherwise eligible child and be expected to last for a period of at least 30 days. In making the determination of ability to support, the agency shall take into account the limited employment opportunities of handicapped individuals.

A finding of eligibility for OASDI or SSI benefits, based on disability or blindness is acceptable proof of incapacity for AFDC purposes.

(v) *“Living with [a specified relative] in a place of residence maintained * * * as his * * * own home”.* (A) A child may be considered to meet the requirement of living with one of the relatives specified in the Act if his home is with a parent or a person in one of the following groups:

(1) Any blood relative, including those of half-blood, and including first cousins, nephews, or nieces, and persons of preceding generations as denoted by prefixes of grand, great, or great-great.

(2) Stepfather, stepmother, stepbrother, and stepsister.

(3) Person who legally adopt a child or his parent as well as the natural and other legally adopted children of such persons, and other relatives of the adoptive parents in accordance with State law.

(4) Spouses of any persons named in the above groups even after the marriage is terminated by death or divorce.

(B) A home is the family setting maintained or in process of being established, as evidenced by assumption and continuation of responsibility for day to day care of the child by the relative with whom the child is living. A home exists so long as the relative exercises responsibility for the care and control of the child, even though either the child or the relative is temporarily

absent from the customary family setting. Within this interpretation, the child is considered to be “living with” his relative even though:

(1) He is under the jurisdiction of the court (e.g., receiving probation services or protective supervision); or

(2) Legal custody is held by an agency that does not have physical possession of the child.

(2) Federal financial participation is available in:

(i) Initial payments made on behalf of a child who goes to live with a relative specified in section 406(a)(1) of the Social Security Act within 30 days of the receipt of the first payment, provided payments are not made for concurrent period for the same child in the home of another relative or as foster care under title IV-E;

(ii) Payments made for the entire month in the course of which a child leaves the home of a specified relative, provided payments are not made for a concurrent period for the same child in the home of another relative or as foster care under title IV-E; and

(iii) Payments made to persons acting for relatives specified in section 406(a)(1) of the Act in emergency situations that deprive the child of the care of the relative through whom he has been receiving aid, for a temporary period necessary to make and carry out plans for the child’s continuing care and support.

(iv) At State option, (A) payments with respect to a pregnant woman with no other children receiving assistance, and additionally, at State option, (B) payments for the purpose of meeting special needs occasioned by or resulting from pregnancy both for the pregnant woman with no other children as well as for the pregnant woman receiving AFDC. However, for both paragraphs (c)(2)(iv) (A) and (B) of this section it must be medically verified that the child is expected to be born in the month such payments are made or within the three-month period following such month of payment, and who, if such child had been born and was living with her in the month of payment, would be eligible for aid to families with dependent children. Federal financial participation is not available to meet the needs of the un-

born child. (Refer to Medicaid regulations at 42 CFR 435.115 for Medicaid coverage of pregnant women.)

(3) Federal financial participation (at the 50 percent rate) is available in any expenses incurred in establishing eligibility for AFDC, including expenses incident to obtaining necessary information to determine the existence of incapacity of a parent or pregnancy of a mother.

§ 233.100 Dependent children of unemployed parents.

(a) Requirements for State Plans. If a State wishes to provide AFDC for children of unemployed parents, the State plan under title IV-A of the Social Security Act must:

(1) Include a definition of an unemployed parent who is the principal earner which shall apply only to families determined to be needy in accordance with the provisions in § 233.20. Such definition must include any such parent who:

(i) Is employed less than 100 hours a month; or

(ii) Exceeds that standard for a particular month, if the work is intermittent and the excess is of a temporary nature as evidenced by the fact that he or she was under the 100-hour standard for the prior 2 months and is expected to be under the standard during the next month; except that at the option of the State, such definition need not include a principal earner who is unemployed because of participation in a labor dispute (other than a strike) or by reason of conduct or circumstances which result or would result in disqualification for unemployment compensation under the State’s unemployment compensation law.

(2) Include a definition of a dependent child which shall include any child of an unemployed parent (as defined by the State pursuant to paragraph (a)(1) of this section) who would be, except for the fact that his parent is not dead,

§233.100

absent from the home, or incapacitated, a dependent child under the State's plan approved under section 402 of the Act.

(3) Provide for payment of aid with respect to any dependent child (as defined by the State pursuant to paragraphs (a)(2) of this section) when the conditions set forth in paragraphs (a)(3) (i), (ii), (iii), and (vii) of this section are met:

(i) His or her parent who is the principal earner has been unemployed for at least 30 days prior to the receipt of such aid.

(ii) Such parent has not without good cause, within such 30-day period prior to the receipt of such aid, refused a bona fide offer of employment or training for employment. Before it is determined that such parent has refused a bona fide offer of employment or training for employment without good cause, the agency must make a determination that such an offer was actually made. (In the case of offers of employment made through the public employment or manpower agencies, the determination as to whether the offer was bona fide, or whether there was good cause to refuse it, will be made by that office or agency.) The parent must be given an opportunity to explain why such offer was not accepted. Questions with respect to the following factors must be resolved:

(a) That there was a definite offer of employment at wages meeting any applicable minimum wage requirements and which are customary for such work in the community;

(b) Any questions as to the parent's inability to engage in such employment for physical reasons or because he has no way to get to or from the particular job; and

(c) Any questions of working conditions, such as risks to health, safety, or lack of worker's compensation protection.

(iii) Such parent (a) has six or more quarters of work (as defined in paragraph (a)(3)(iv) of this section), within any 13-calendar-quarter period ending within 1 year prior to the application for such aid, or (b) within such 1-year period, received unemployment compensation under an unemployment compensation law of a State or of the

45 CFR Ch. II (10-1-11 Edition)

United States, or was qualified under the terms of paragraph (a)(3)(v) of this section) for such compensation under the State's unemployment compensation law.

(iv) A "quarter of work" with respect to any individual means a period (of 3 consecutive calendar months ending on March 31, June 30, September 30, or December 31) in which he or she received earned income of not less than \$50 (or which is a "quarter of coverage" as defined in section 213(a)(2) of the Act), or in which he or she participated in a community work experience program under section 409 of the Act or the work incentive program established under title IV-C of the Act.

(v) An individual shall be deemed "qualified" for unemployment compensation under the State's unemployment compensation law if he would have been eligible to receive such benefits upon filing application, or he performed work not covered by such law which, if it had been covered, would (together with any covered work he performed) have made him eligible to receive such benefits upon filing application.

(vi)(A) The "parent who is the principal earner" means, in the case of any child, whichever parent, in a home in which both parents of such child are living, earned the greater amount of income in the 24-month period the last month of which immediately precedes the month in which an application is filed for aid under this part on the basis of the unemployment of a parent. If the State cannot secure primary evidence of earnings for this period, the State shall designate the principal earner, using the best evidence available. The earnings of each parent are considered in determining the principal earner regardless of when their relationship began. The principal earner so defined remains the principal earner for each consecutive month for which the family receives such aid on the basis of such application. This requirement applies to both new applicants and current AFDC unemployed parent families who were eligible and receiving aid prior to October 1, 1981.

(B) If both parents earned an identical amount of income (or earned no income) in such 24-month period, the

State shall designate which parent shall be the principal earner.

(vii) The parent who is the principal earner (unless exempt under §240.14) has met the requirements for participation in an employment search program under part 240 of this chapter.

(4) Provide for entering into cooperative arrangements with the State agency responsible for administering or supervising the administration of vocational education to assure maximum utilization of available public vocational education services and facilities in the State to encourage the retraining of individuals capable of being retrained.

(5) Provide for the denial of such aid to any such dependent child or the relative specified in section 406(a)(1) of the Act with whom such child is living,

(i) If and for so long as such child's parent, unless exempt under §224.20, is not currently registered for the work incentive program or if exempt under §224.20(b)(6), is not currently registered with a public employment office in the State, except that in a State with an approved JOBS plan under §250.20, such child's parent, unless exempt under §250.30(b), must be currently participating (or available for participation) in a program under part 250, or, if he is exempt under §250.30(b)(5), must be registered with a public employment office in the State, and

(ii) With respect to any week for which such child's parent qualifies for unemployment compensation under an unemployment compensation law of the State or of the United States but refuses to apply for or accept such unemployment compensation, and

(iii) If the parent who is the principal earner (unless exempt under §240.14) fails to meet the requirements for participation in a program of employment search established under part 240 of this chapter.

(6) Provide that within 30 days after the receipt of such aid, unemployed principal earners will be certified for participation in the Work Incentive program under part 224 or, if the State IV-A agency has an approved JOBS plan pursuant to §250.20, will participate or apply for participation in a program under part 250 unless the program

is not available in the area where the parent is living.

(b) [Reserved]

(c) *Federal financial participation.* (1) Federal financial participation is available in payments authorized in accordance with the State plan approved under section 402 of the Act as aid to families with dependent children with respect to a child.

(i) Who meets the requirements of section 406(a)(2) of the Act;

(ii) Who is living with any of the relatives specified in section 406(a)(1) of the Act in a place of residence maintained by one or more of such relatives as his (or their) own home;

(iii) Who has been deprived of parental support or care by reason of the fact that his or her parent who is the principal earner is employed less than 100 hours a month; or exceeds that standard for a particular month if his or her work is intermittent and the excess is of a temporary nature as evidenced by the fact that he or she was under the 100-hour standard for 2 prior months and is expected to be under the standard during the next month.

(iv) Whose parent who is the principal earner (a) has six or more quarters of work (as defined in paragraph (a)(3)(iv) of this section) within any 13-calendar-quarter period ending within 1 year prior to the application for such aid, (b) within such 1-year period, received unemployment compensation under an unemployment compensation law of a State or of the United States, or was qualified (under the terms of paragraph (a)(3)(v) of this section) for such compensation under the State's unemployment compensation law; and

(v) Whose parent who is the principal earner (a) is currently registered with the WIN program unless exempt or is registered with the public employment office in the State if exempt from WIN registration under §224.20(b)(6) or because there is no WIN program in which he can effectively participate; and (b) has not refused to apply for or accept unemployment compensation with respect to any week for which such child's parent qualifies for unemployment compensation under an unemployment compensation law of a State or of the United States.

§ 233.101

45 CFR Ch. II (10–1–11 Edition)

(2) The State may not include in its claim for Federal financial participation payments made as aid under the plan with respect to a child who meets the conditions set forth in paragraph (c)(1) of this section, where such payments were made.

(i) For any part of the 30-day period specified in paragraph (a)(3)(i) of this section;

(ii) For such 30-day period if during that period the parent refused without good cause a bona fide offer of employment or training for employment;

(iii) For any period beginning with the 31st day after receipt of aid, if and for as long as no action is taken during the period to certify the parent for participation in the Work Incentive program under part 224, or if the State IV-A agency has an approved JOBS plan pursuant to § 250.20, no action is taken during the period to undertake appropriate steps directed toward the participation of such parent in a program under part 250; and

(iv) For any part of the sanction period imposed under § 240.22 (for failure to meet the requirements for participation in the employment search program).

(d) For all States (other than Puerto Rico, American Samoa, Guam, and the Virgin Islands) the provisions of this section are suspended through September 30, 1998. For Puerto Rico, American Samoa, Guam, and the Virgin Islands, the provisions of this section are suspended from October 1, 1992, through September 30, 1998.

§ 233.101 Dependent children of unemployed parents.

(a) Requirements for State Plans. Effective October 1, 1990 (for Puerto Rico, American Samoa, Guam, and the Virgin Islands, October 1, 1992), a State plan must provide for payment of AFDC for children of unemployed parents. A State plan under title IV-A for payment of such aid must:

(1) Include a definition of an unemployed parent who is the principal earner which shall apply only to families determined to be needy in accordance with the provisions in § 233.20 of this part. Such definition must have a reasonable standard for measuring unemployment and, at a minimum, include any such parent who:

(i) Is employed less than 100 hours a month; or

(ii) Exceeds that standard for a particular month, if the work is intermittent and the excess is of a temporary nature as evidenced by the fact that he or she was under the 100-hour standard for the prior 2 months and is expected to be under the standard during the next month; except that at the option of the State, such definition need not include a principal earner who is unemployed because of participation in a labor dispute (other than a strike) or by reason of conduct or circumstances which result or would result in disqualification for unemployment compensation under the State's unemployment compensation law.

(2) Include a definition of a dependent child which shall include any child of an unemployed parent (as defined by the State pursuant to paragraph (a)(1) of this section) who would be, except for the fact that his parent is not dead, absent from the home, or incapacitated, a dependent child under the State's plan approved under section 402 of the Act.

(3) Provide for payment of aid with respect to any dependent child (as defined by the State pursuant to paragraph (a)(2) of this section) when the conditions set forth in paragraphs (a)(3)(i), (a)(3)(ii), and (a)(3)(iii) of this section are met.

(i) His or her parent who is the principal earner has been unemployed for at least 30 days prior to the receipt of such aid;

(ii) Such parent has not without good cause, within such 30-day period prior to the receipt of such aid, refused a bona fide offer of employment or training for employment. Before it is determined that such parent has refused a bona fide offer of employment or training for employment without good cause, the agency must make a determination that such offer was actually

made. (In the case of offers of employment made through the public employment or manpower agencies, the determination as to whether the offer was bona fide, or whether there was good cause to refuse it, shall be made by the title IV-A agency. The IV-A agency may accept the recommendations of such agencies.) The parent must be given an opportunity to explain why such offer was not accepted. Questions with respect to the following factors must be resolved:

(A) That there was a definite offer of employment at wages meeting any applicable minimum wage requirements and which are customary for such work in the community;

(B) Any questions as to the parent's inability to engage in such employment for physical reasons or because he has no way to get to or from the particular job; and

(C) Any questions of working conditions, such as risks to health, safety, or lack of worker's compensation protection.

(iii) Such parent:

(A) Has six or more quarters of work (as defined in paragraph (a)(3)(iv) of this section), within any 13-calendar-quarter period ending within one year prior to the application for such aid, or

(B) Within such 1-year period, received unemployment compensation under an unemployment compensation law of a State or of the United States, or was qualified under the terms of paragraph (a)(3)(v) of this section for such compensation under the State's unemployment compensation law.

(iv) A "quarter of work" with respect to any individual means a period (of 3 consecutive calendar months ending on March 31, June 30, September 30, or December 31):

(A) In which an individual received earned income of not less than \$50 (or which is a "quarter of coverage" as defined in section 213(a)(2) of the Social Security Act) or participated in a program under part 250 of this chapter; or

(B) At State option (as specified in the plan), in one or more subdivisions of the State, in which he or she attended, full-time, an elementary school, a secondary school, or a vocational or technical training course that is designed to prepare the individual

for gainful employment, or in which the individual participated in an educational or training program established under the Job Training Partnership Act, provided that an individual may qualify for no more than four quarters of work under this paragraph for purposes of the requirement set forth in paragraph (a)(3)(iii)(A) of this section; and

(C) A calendar quarter ending before October 1990 in which an individual participated in CWEP under section 409 of the Social Security Act or the WIN program established under title IV-C of the Social Security Act (as in effect for a State immediately before the effective date of that State's JOBS program).

(v) An individual shall be deemed "qualified" for unemployment compensation under the State's unemployment compensation law if he or she would have been eligible to receive such benefits upon filing an application, or he performed work not covered by such law, which, if it had been covered, would (together with any covered work he performed) have made him eligible to receive such benefits upon filing an application.

(vi)(A) The "parent who is the principal earner" means, in the case of any child, whichever parent, in a home in which both parents of such child are living, earned the greater amount of income in the 24-month period the last month of which immediately precedes the month in which an application is filed for aid under this part on the basis of the unemployment of a parent. If the State cannot secure primary evidence of earnings for this period, the State shall designate the principal earner, using the best evidence available. The earnings of each parent are considered in determining the principal earner regardless of when their relationship began. The principal earner so defined remains the principal earner for each consecutive month for which the family receives such aid on the basis of such application. This requirement applies to both new applicants and current AFDC unemployed parent families who were eligible and receiving aid prior to October 1, 1981.

(B) If both parents earned an identical amount of income (or earned no

§233.101

45 CFR Ch. II (10–1–11 Edition)

income) in such 24-month period, the State shall designate which parent shall be the principal earner.

(4) Provide for entering into cooperative arrangements with the State agency responsible for administering or supervising the administration of vocational education to assure maximum utilization of available public vocational education services and facilities in the State to encourage the retraining of individuals capable of being retrained.

(5) Provide that the needs of the child's parent(s) shall not be taken into account in determining the needs and amount of assistance of the child's family:

(i) If and for so long as such child's parent(s), unless exempt under §250.30(b) of this chapter, is not currently participating (or available for participation) in a program under part 250 of this chapter or, if they are exempt under §250.30(b)(5) of this chapter (or because a JOBS program has not been established in the subdivision where they reside or they reside in a JOBS subdivision but there is no appropriate JOBS activity in which they can participate), are not registered with a public employment office in the State, and

(ii) With respect to any week for which such child's parent qualifies for unemployment compensation under an unemployment compensation law of the State or of the United States but refuses to apply for or accept such unemployment compensation.

(6) Provide that medical assistance will be furnished under the State's approved plan under title XIX during any month in which an otherwise eligible individual is denied assistance solely by reason of the time limitation provided under paragraph (b)(3) of this section.

(b) *State Plan Options.* A State plan under title IV-A may:

(1) Require the principal earner or both parents to participate in an activity in the JOBS program under part 250 of this chapter, subject to the limitations and conditions of part 250 of this chapter, provided that the participation of each parent in all required activities under the JOBS program does

not exceed 40 hours per week, per parent.

(2) Provide cash assistance after the performance of assigned program activities by parents required to participate in an activity in the JOBS program under part 250 of this chapter (as provided in paragraph (b)(1) of this section) so long as the State:

(i) Makes assistance payments at regular intervals at least monthly,

(ii) Prescribes a set of criteria which defines goals or standards for each assigned activity in the JOBS program which must be completed by the participant prior to payment, and

(iii) Prior to, or concurrent with, assignment to an activity, notifies the participant of the prescribed goals or standards and that payment for a period will be withheld unless performance of each assigned activity for that period is completed.

(3) Provide for a State to operate a payment after performance system under which a family is issued an assistance payment after the applicable family member has successfully completed her obligation to participate in JOBS for a specific period. If the applicable family member fails without good cause to satisfy the obligation, the State may:

(i) Impose a sanction in accordance with the JOBS program rules at §§250.34, 250.35 and 250.36 of this chapter;

(ii) Reduce the family's assistance payment to which the specific period applies by the amount of the payment attributable to the family member for that period or do not make the payment to the family; or

(iii) Reduce the family's assistance payment to which the specific period applies (or the amount of the payment attributable to the family member for that period) in proportion to the number of required hours that were not completed.

For States that elect to implement paragraphs (b)(3) (ii) or (iii) of this section, the fair hearing requirements set forth at §205.10(a)(4)(ii)(K) of this chapter apply.

(4) Limit the number of months that a family may receive AFDC-UP under this section when the following conditions are met:

(i) The State did not have on September 26, 1988, an approved AFDC-UP program under section 407 of the Social Security Act.

(ii) The family received such aid (on the basis of the unemployment of the parent who is the principal earner) in at least 6 of the preceding 12 months.

(iii) The State has in effect a program (described in the plan) for providing education, training, and employment services to assist parents in preparing for and obtaining employment throughout the year. Such a program may include education, training and employment activities under the JOBS program which are provided in part 250 of this chapter or under a State-designed program which provides:

(A) Education and instruction for individuals who have not graduated from a secondary school or obtained an equivalent degree,

(B) Training whereby an individual acquires market-oriented skills necessary for self-support, and

(C) Employment services which seek to place individuals in jobs.

(iv) The State must guarantee child care necessary for an individual to participate in an approved, State-designed, non-JOBS program. The regulations at part 255 of this chapter apply to such care.

(v) The State has the option of providing necessary supportive services associated with an individual's participation in a State-designed, non-JOBS program. Federal financial participation is available under sections 403 (k) and (l) of the Social Security Act. The regulations at part 255 of this chapter apply to such supportive services.

(vi) The State must inform an AFDC-UP family at the time of application that AFDC-UP cash assistance will terminate due to a time limitation, that any family with a child who is (or becomes) deprived due to the death, continued absence, or incapacity of a parent may receive cash assistance under the AFDC program during the time limitation for AFDC-UP, and that a program of training, education, and employment services is available to prepare the family to become self-supporting.

(vii) Prior to termination due to a time limitation, the State must notify

an AFDC-UP recipient family of the earliest month that it may receive AFDC-UP cash assistance again. This notification may be included in the notice of proposed action which is required pursuant to § 205.10(a)(4) of this chapter. To receive assistance again, the family must make a new application.

(viii) In establishing eligibility upon re-application following months of nonpayment due to the time limitation, an otherwise eligible family that does not receive aid in a month solely by reason of the option to limit assistance under this paragraph shall be deemed, for purposes of determining the period under paragraph (a)(3)(iii)(A) of this section, to be receiving AFDC-UP cash assistance in that month. This provision also applies if, at the time of the family's original application for assistance, eligibility was established based on the provisions of paragraph (a)(3)(iii)(B) of this section, but eligibility could have been established based on the provisions of paragraph (a)(3)(iii)(A) of this section.

(c) *Federal Financial Participation.* (1) Federal financial participation is available for payments authorized in accordance with the State plan approved under section 402 of the Act as aid to families with dependent children with respect to a child:

(i) Who meets the requirements of section 406(a)(2) of the Act;

(ii) Who is living with any of the relatives specified in section 406(a)(1) of the Act in a place of residence maintained by one or more of such relatives as his (or their) own home;

(iii) Who has been deprived of parental support or care by reason of the fact that his or her parent who is the principal earner is employed less than 100 hours a month; or exceeds that standard for a particular month if his or her work is intermittent and the excess is of a temporary nature as evidenced by the fact that he or she was under the 100-hour standard for 2 prior months and is expected to be under the standard during the next month;

(iv) Whose parent who is the principal earner:

(A) Has six or more quarters of work (as defined in paragraph (a)(3)(iv) of this section) within any 13-calendar-

§233.106

45 CFR Ch. II (10–1–11 Edition)

quarter period ending within 1 year prior to the application for such aid,

(B) Within such 1-year period, received unemployment compensation under an unemployment compensation law of a State or of the United States, or was qualified (under the terms of paragraph (a)(3)(v) of this section) for such compensation under the State's unemployment compensation law; and

(v) Whose parent who is the principal earner:

(A) Is currently participating in or available to participate in an activity in the JOBS program under part 250 of this chapter, unless exempt, or is registered with the public employment office in the State if exempt from the JOBS program under §250.30(b)(5) of this chapter; and

(B) Has not refused to apply for or accept unemployment compensation with respect to any week for which such child's parent qualifies for unemployment compensation under an unemployment compensation law of the State or of the United States.

(2) The State may not include in its claim for Federal financial participation payments made as aid under the plan with respect to a child who meets the conditions set forth in paragraph (c)(1) of this section, where such payments were made:

(i) For any part of the 30-day period specified in paragraph (a)(3)(i) of this section;

(ii) For such 30-day period if during that period the parent refused without good cause a bona fide offer of employment or training for employment;

(iii) For any period beginning with the 31st day after the receipt of aid, if and for as long as no action is taken during the period to undertake appropriate steps directed toward the participation of the parent who is the principal earner in a program under part 250 of this chapter;

(iv) To the extent that such payments are made to meet the need of an individual who is subject to a sanction imposed, under part 250 of this chapter (for failure to meet the requirements for participation in the JOBS program).

(3) Federal financial participation is available for child care and supportive services expenditures associated with

participation in an approved State-designed program (as provided in paragraph (b)(3)(iii) of this section) under titles IV-A and IV-F of the Act respectively. However, Federal financial participation is not available for any other costs, program or administrative, associated with State-designed programs.

(d) For all States (other than Puerto Rico, American Samoa, Guam, and the Virgin Islands) the provisions of this section are in effect through September 30, 1998. For Puerto Rico, American Samoa, Guam, and the Virgin Islands, the provisions of this section are in effect from October 1, 1992, through September 30, 1998.

§233.106 Denial of AFDC benefits to strikers.

(a) *Condition for plan approval.* A State plan under title IV-A of the Social Security Act must:

(1) Provide that participation in a strike shall not constitute good cause to leave, or to refuse to seek or accept, employment.

(2)(i) Provide for the denial of AFDC benefits to any family for any month in which any caretaker relative with whom the child is living is, on the last day of such month, participating in a strike; and

(ii) Provide that no individual's needs shall be included in determining the amount of aid payable for any month to a family under the plan if, on the last day of such month, such individual is participating in a strike.

(b) *Definitions.* (1) The State must define "strike" by using the National Labor Relations Board definition (29 U.S.C. 142(2)) or another definition of the term that is currently in State law.

(2) The State must define the term "participating in a strike."

(3) For purposes of paragraph (a)(2)(i) of this section, "caretaker relative" means any natural or adoptive parent.

§233.107 Restriction in payment to households headed by a minor parent.

(a) *State plan requirements.* A State in its title IV-A State plan may provide

that a minor parent and the dependent child in his or her care must reside in the household of a parent, legal guardian, or other adult relative, or in an adult-supervised supportive living arrangement in order to receive, AFDC unless:

(1) The minor parent has no living parent or legal guardian whose whereabouts is known;

(2) No living parent or legal guardian of the minor parent allows the minor parent to live in his or her home;

(3) The minor parent lived apart from his or her own parent or legal guardian for a period of at least one year before either the birth of the dependent child or the parent's having made application for AFDC;

(4) The physical or emotional health or safety of the minor parent or dependent child would be jeopardized if they resided in the same residence with the minor parent's parent or legal guardian;

(5) There is otherwise good cause for the minor parent and dependent child to receive assistance while living apart from the minor parent's parent, legal guardian, or other adult relative, or an adult-supervised supportive living arrangement.

(b) *Allegations.* If a minor parent makes allegations supporting the conclusion that paragraph (a)(4) of this section applies, the State agency shall determine whether it is justified.

(c) *Good Cause.* The circumstances justifying a determination of good cause must be set forth in the State plan.

(d) *Protective Payments.* When a minor parent and his or her dependent child are required to live with the minor parent's parent, legal guardian, or other adult relative, or in an adult-supervised supportive living arrangement, then AFDC is paid (where possible) in the form of a protective payment.

(e) *Definitions:* For purposes of this section:

(1) A *minor parent* is an individual who (i) is under the age of 18, (ii) has never been married, and (iii) is either the natural parent of a dependent child living in the same household or eligible for assistance paid under the State plan to a pregnant woman as provided in § 233.90(c)(2)(iv) of this part.

(2) A *household of a parent, legal guardian, or other adult relatives* means the place of residence of (i) a natural or adoptive parent or a stepparent, or (ii) a legal guardian as defined by the State, or (iii) another individual who is age 18 or over and related to the minor parent as specified in § 233.90(c)(1)(v) of this part provided that the residence is maintained as a home for the minor parent and child as provided in § 233.90(c)(1)(v)(B) of this part.

(3) An *adult-supervised supportive living arrangement* means a private family setting or other living arrangement (not including a public institution), which, as determined by the State, is maintained as a family setting, as evidenced by the assumption of responsibility for the care and control of the minor parent and dependent child or the provision of supportive services, such as counseling, guidance, or supervision. For example, foster homes and maternity homes are "adult-supervised supportive living arrangements."

(f) *Notice Requirements.* Minor applicants shall be informed about the eligibility requirements and their rights and obligations consistent with the provisions at § 206.10(a)(2)(i). For example, a State may wish to: (1) Advise the minor of the possible exemptions and specifically ask whether one or more of these exemptions is applicable; and (2) assist the minor in attaining the necessary verifications if one or more of these exemptions is alleged.

§ 233.110 Foster care maintenance and adoption assistance.

(a) *State plan requirements.* A State plan under title IV-A of the Social Security Act must provide that the State has in effect a plan approved under part E, title IV of the Social Security Act, and operates a foster care maintenance and adoption assistance program in conformity with such a plan.

§ 233.145 Expiration of medical assistance programs under titles I, IV-A, X, XIV and XVI of the Social Security Act.

(a) Under the provisions of section 121(b) of Pub. L. 89-97, enacted July 30,

1965, no payment may be made to any State under title I, IV-A, X, XIV or XVI of the Social Security Act for aid or assistance in the form of medical or any other type of remedial care for any period after December 31, 1969. However, these provisions do not affect the availability of Federal financial participation in the cost of medical or remedial care furnished under title IV-A of the Act (pursuant to sections 403(a)(5) and 406(e)) of the Act, as emergency assistance to needy families with children (see § 233.120 of this part), subject to the provisions of paragraph (c)¹ of this section. Federal financial participation in vendor payments for medical care and services is not otherwise available except under title XIX of the Act.

(b) Under the provisions of section 4(c) of Pub. L. 92-223, enacted December 28, 1971, and the provisions of section 292 of Pub. L. 92-603, enacted October 30, 1972:

(1) In the case of any State which on January 1, 1972, had in effect a State plan approved under title XIX of the Social Security Act, section 1121 of the Act authorizing payments under title I, X, XIV, or XVI of the Act for assistance in the form of institutional services in intermediate care facilities is rescinded; and

(2) In the case of any State which on January 1, 1972, did not have in effect a State plan approved under title XIX of the Act, Federal financial participation is available in assistance in the form of institutional services in intermediate care facilities pursuant to section 1121 of the Act and under the provisions of § 234.130 of this chapter until the first day of the first month after January 1, 1972, that the State has in effect a State plan approved under title XIX.

(c)(1) Under the provisions of section 249D of Pub. L. 92-603, enacted October 30, 1972, Federal matching is not available for any portion of any payment by any State under titles I, IV-A, X, XIV, or XVI of the Social Security Act for or on account of any medical or any other type of remedial care provided by an institution to any individual as an

inpatient thereof, in the case of any State which has a plan approved under title XIX of such Act, if such care is (or could be provided, under a State plan approved under title XIX of such Act, by an institution certified under such title XIX. The effective date of this proposed provision will be the date of publication of the final regulation in the FEDERAL REGISTER.

(2) For purposes of this paragraph,

(i) An institution (see § 233.60(b)(1) of this chapter) is considered to provide medical or remedial care if it provides any care or service beyond room and board because of the physical or mental condition (or both) of its inpatients;

(ii) An inpatient is an individual who is living in an institution which provides medical or remedial care and who is receiving care or service beyond room and board because of his physical or mental condition (or both).

(iii) Federal financial participation is not available for any portion of the payment for care of an inpatient. It is immaterial whether such payment is made as a vendor payment or as a money payment or other cash assistance payment. It is also immaterial whether the payment is divided into components, such as separate amounts or payments for room and board, and for care or services beyond room and board, or whether the payment is considered to meet "basic" needs or "special" needs. If, however, a money payment (or protective payment) is made to an individual who is living in an institution, and such payment does not exceed a reasonable rate for room, board and laundry for individuals not living in their own homes, and no additional payment is made for such individual's care in the institution, Federal financial participation is available in the money payment (or protective payment) since the individual may spend the funds at his discretion and obtain room and board at the place of his choice.

(iv) Federal financial participation is available in cash assistance payments to meet the needs of an inpatient for specific medical services, such as dental care or prescription drugs, which generally are not delivered in an institutional setting and in fact are not

provided by the institution to the inpatient, provided that such services are not available to the individual under the State's approved title XIX plan.

PART 234—FINANCIAL ASSISTANCE TO INDIVIDUALS

Sec.

234.11 Assistance in the form of money payments.

234.60 Protective, vendor, and two-party payments for dependent children.

234.70 Protective payments for the aged, blind, or disabled.

234.75 Rent payments to public housing agencies.

234.120 Federal financial participation.

234.130 Assistance in the form of institutional services in intermediate care facilities.

AUTHORITY: 42 U.S.C. 602, 603, 606, and 1302.

§ 234.11 Assistance in the form of money payments.

(a) Federal financial participation is available in money payments made under a State plan under title I, IV-A, X, XIV, or XVI of the Social Security Act to eligible families and individuals. Money payments are payments in cash, checks, or warrants immediately redeemable at par, made to the grantee or his legal representative with no restrictions imposed by the agency on the use of funds by the individual.

(b) [Reserved]

[36 FR 22238, Nov. 23, 1971, as amended at 51 FR 9206, Mar. 18, 1986]

§ 234.60 Protective, vendor and two-party payments for dependent children.

(a) *State plan requirements.* (1) If a State plan for AFDC under title IV-A of the Social Security Act provides for protective, vendor and two-party payments for cases other than failure to participate in the Job Opportunities and Basic Skills Training (JOBS) Program under § 250.34(d), or failure by the caretaker relative to meet the eligibility requirements of § 232.11, 232.12, or 232.13 of this chapter. It must meet the requirements in paragraphs (a) (2) through (11) of this section. In addition, the plan may provide for protec-

tive, vendor, and two-party payments at the request of recipients as provided in paragraph (a)(14) of this section.

(2)(i) Methods will be in effect to identify children whose relatives have demonstrated such an inability to manage funds that payments to the relative have not been or are not currently used in the best interest of the child. This means that the relative has misused funds to such an extent that allowing him or her to manage the AFDC grant is a threat to the health or safety of the child.

(ii) States will establish criteria to determine if mismanagement exists. Under this provision, States may elect to use as one criterion a presumption of mismanagement based on a recipient's nonpayment of rent.

(iii) Under State agency procedures, the recipient shall be notified whenever a creditor requests a protective, vendor, or two-party payment for mismanagement on the basis of nonpayment of bills.

(iv) The recipient shall be notified by the agency of a decision not to use a protective, vendor, or two-party payment if such payment has been requested by a creditor.

(v) A statement of the specific reasons that demonstrate the need for making protective, vendor, and two-party payments must be placed in the file of the child involved.

(3) Criteria will be established to identify the circumstances under which protective, vendor, or two-party payments will be made in whole or in part to:

(i) Another individual who is interested in or concerned with the welfare of the child or relative; or

(ii) A person or persons furnishing food, living accommodations or other goods, services, or items to or for the child, relative, or essential person.

(4) Procedures will be established for making protective, vendor, or two-party payments. Under this provision, part of the payment may be made to the family and part may be made to a protective payee or to a vendor, or part may be made in the form of two-party payments, i.e., checks which are drawn jointly to the order of the recipient and the person furnishing goods, services,
